The Standing of y^e^ Comon Goal of this city having been often presented by the Grand Jurys Not only as a publick nusance, but very Insufficient to hold criminalls. And it being too Notorious that Criminalls ffrequently Escape through the Insufficiency thereof, And a Lott being fformerly Purchased for building a Prison upon, It is therefore the Opinion of this Council, That a Voluntary Subscription be Offered to the Inhabitants of this City & the County of Philad^a^ for y^e^ Pulling down the Present Prison & Erecting a New one upon the Lott assign'd for y^e^ same, And that Alderman

Morris, Owen, Roberts & Joseph Redman Collect y^e^ sd Subscripcons, And Make their Report thereof y^e^ Next Council.

Thomas Griffitts & Israel Pemberton were now Qualified Comon Council Men of this City.

Whereas Several of the Inhabitants of this City have Voluntarily Gone into the paveing from y^e^ Kennel to the Middle of the Streets before their respective Tenements, with pibble Stones, and many others are Levelling to follow their Example, But forasmuch as what is already Done is very much Damnified by the Excessive weight of Carriages, and will be every day more & more Unless Some measures are Speedily taken to prevent the Same, Therefore Alderman ffishbourn, Thomas Griffitts, Owen Roberts, Edward Roberts & John Cadwallader are Order'd to bring in an Ordinance for the preventing of the Carters or Others their Carrying Such Excessive Loads, and lay y^e^ Same before the Next Comon Council.

Alderman Carter Collect^r^ of the Stall Rents Complaining that Severall psons Refuse to pay their Rents, and prays y^e^ Opinion of the Board What Measures he Shall take to Compell them to pay the Same, It is y^e^ Opinion of y^e^ board, Such psons being only Tenants at Will, that their Stalls be removed and the Ground Let to Such psons as will pay for the Same.

It Manifestly Appearing that Divers psons, Renters of Markett Stalls, Let out the Same at three or four or ffive times more Rent than they pay, Which Advantage Should rather Accrue to the Corporation, It is therefore Ordered that the Mayor, Alderman Redman, George Claypoole & Thomas Redman Draw a Scheme for the Building New Markett Stalls, and lay it before the Next Councill, together with a Computation of the Cost thereof.

It being Apparent that y^e^ Neglect of y^e^ Members of this Board Not giving their Attendance at y^e^ time of Sumons, Very much re-

tards y^e^ public Business, It is y^e^ Unanimous Opinion of this Council that hence forward the Sum of three Shillings be Strictly required of Such Members as do not attend y^e^ time of Sumons, or within one hour next after, pursuant to a fformer Order of this Board in y^e^ year 1702. And because the absence of the Mayor and Record^r^ will totally Stop all proceedings, it is agreed they pay double.

The Members Appointed to bring in an Ordinance for preventing Carters, &^c^ for Carrying Excessive Loads in this City, having not fully Compleated the Same, are to Lay it before the Next Councill, and Alderman Carter is added to Assist them in y^e^ Doing thereof. The psons Apointed the Last Council to Draw a Scheme for the

Building New Market Stalls, Report that they have done y^e^ Same, and left it in the hands of Thomas Redman, who being Absent they are to bring it in y^e^ Next Sitting of the Council.

The Treasurer of this City Acquainted the Board that Severall psons who have given their Notes for their Chimney ffiring Refused to pay, It is therefore Order'd that he Prosecute According to Law for the Recovery thereof.

This Councill having now Agreed with Abraham Bickley for his ffire Engine At y^e^ Sum of £50 - - - It is Order'd that the Treasurer pay y^e^ S^d^ Sum out of y^e^ Money Raised or to be Raised for Chimney ffiring, with all Expedition possible.

Robert Wood Exhibiting the Gov^rs^ Brief to Request the Charity of all psons in this Province towards the Repairing of his Damage by Occasion of his Shallops being taken by Pirates, and it being

now Under Consideration Whether he Should be Sufferd to Ask the Charity of y^e^ Inhabitants, The Board Came to this Resolution, That in regard of the many Taxes the Inhabitants of this City are Subject to, Beyond any other part of this Province in provideing for the poor Building & Supporting of Publick Wharfes, &c It would be Unreasonable to Impower y^e^ Peticoner (Especially Since he is an Inhabitant of another Governm^t^) to Request the Charity of the Inhabitants by any Publick Instrument or Writeing from the Mayor, for that y^e^ Same would be a very Ill pressident.

Thomas Redman now produce the Scheme of the Markett Stalls, and there being Some Objections against it, Therefore the Mayor, Alderman Hill, Alderman Masters, Alderman Redman, Thomas Redman, George Claypoole & Thomas Griffitts, or some ffour of them are Appointed to draw another Scheme, and Lay y^e^ Same before y^e^ Next Councill.

The Mayor laid before the Board a Copy of a Speech the Governour made at the time of the Qualification of ye Mayor, Which was Read, and is as follows:

Mr Mayor and Gentlemen

"I am Glad of any Opportunity to Assure you of "my Affection & Esteem, & more Especially in promoting the "Welfare of this flourishing City by Supporting all your Privi- "ledges with the utmost of my Authority.

"But I think it very proper at this time to put you in mind that "an English Constitution, Which is the best Guard of Liberty, "consists of many Subordinate and Coacting Powers, which are "Supposed to be guided by Justice or Right Reason, & Consequently "to be always United in their Sentiments of the Publick Weal.

"Please then to Observe that Whensoever I shall happen to "See Cause for dispensing any part of his Majesties Royal Pre- "rogative by Mitigating in Some Cases the utmost severity and "penalties of Laws, Which are the Subordinate Magistrates strict "Rule, because he is Sworn or Attested to Act Conformably to "them, Yet such Interposition, by Virtue of the Royal Authority, "ought not, nor cannot be understood, as an Illegal Obstruction to "the Magistrates Judgment and Substituted power, Which must "give Way to the Sovereigns Perogative in Such Case as it is an "Essential Part of the Law and Constitution.

"And surely this may be very Easiely Comply'd with, Since "you cannot but know from Experience how Easily and ffreely "All or any of you may Apply yourselves Unto me with Reason- "able Expectations of Success in any Case.

"Nevertheless I must Intreat you will be so wise as to Caution "your Selves against Such Turbulent & ill minded Spirits, Who, "Under the thin Visage of Popularity, & a Conceited Independency, "Dare presume to Oppose his Majesties Royal Authority, by Af- "fronting or Despising the Lawfull Orders & Commands given "by any Governour in his Majesties Name. For I cannot Ap- "prehend that we are in Danger of any Other Accident to Disturb "our present Repose & tranquility, and Whosoever Expects that "any means can be used with me to Betray or give up the Duty "of my Present Station in this Colony, will Probably ffind himself "very much Mistaken.

The Mayor, Alderman Hill, Alderman Trent & Clement Plumsted, who were this morning appointed by this Board to Draw an answer to the Governour's Speech, Now Report That they had made Some Essay therein, but the Mayor at the time Acquainting them of a Letter he had rec[d] from the Governour Yesterday, Wherein he Reprehended the Magistrates of this City for their Issuing out a Warrant against persons Who had Lately ffought a Duel, that the Mayor further Acquainted them that upon his Applicacon to the Governour to know if he might lay sd Letter before this Board, the Governour Ordered him so to Do, & Said it was an Explanatory of his Speech the third Instant, for which Cause they thought it not proper to Proceed till they had further Directions from this Board, Which Letter was Ordered to be Read, & is as follows.

M[r] Mayor

"I have Received your Letter, & a freindly Com-
"municacon of your private Sentiments will Ever be Welcome to
"me, ffor I am very sensible That M[r] Fishbourn has never Omitted
"any Oppertunity that he has had, of Expressing a very Sincere

"But M[r] Mayor You will please to Consider in the ffirst place,

"your Self & Other Magistrates, but Especially the Recorder, who

"ought to have known better, to Issue out your Warrants in Order "to take that affair out of my hands, or Rather to Judge Whether "I had any Authority to Act as an Officer & Magistrate of his "Majesties Peace or not, Without so much as giving me the Least "Notice of your Intention or Design.

"This S^{r} was the Sole & only Occasion of my Speech to the "Corporation, which I believe every Indifferent person will think "was a very gentle Reprimand, or Rather Caution to Prevent any "Such Affronts for the ffuture, & that there may be an End put "to this Controversie by Your prudence & Discretion, I take this "Opportunity to Desire that your Magistrates will fforbear Issuing "any more process in that affair which you Call the Duel, "Because, upon just & Sufficient Reasons appearing unto Me "for that purpose, I Do not think it Convenient that the Kings "Name be made use of in the Prosecution you Seem to Intend. "I hope this will Give you full Satisfaction in Answer to yours, "and I Remain S^{r}

Your Obliged ffreind
& humble Serv^{t},

The Mayor, Alderman Hill & Clement Plumsted, who were appointed by the Board to Draw an answer to the Govern[rs] Speech of the 3[d] Inst[t], Now Report that they had finisht the Same, which they now produced, & was Read, as follows.

To the Honb[le] S[r] William Keith, Baronet,
Gover[nr] of the Province of Pensilvania.

The Address of the Mayor, Aldermen & Comonalty of the City of Philadelphia in Answer to his Speech to them of the 3[d] Inst[t], May it Please the Gover[nr].

As the Govern^{r} was Pleased at the Presentment of the Mayor of this City, on the third Ins^{t}, for his Qualification, to Deliver a Speech to the Corporation, in a Singular & unusual Manner, We should think our Selves Deficient in our Duty, both to the Governour & our Selves, if We Should Neglect to take Such Notice of it as the Matter Requires.

This Corporation find themselves Obliged, in Gratitude, to Return the Govern^{r} their most hearty & unfeigned thanks for the Affection & Esteem that he has Shown us, & hope We shall never be Wanting in the Demonstrations of our Just Sence of every Favour Extended to us upon all Occasions.

And We are ffirmly Perswaded that the Members of this Corporacon are Equally Inclin'd with the Best of his Majesties Subjects to show a most tender Regard for the Royal Prerogative, believing that as it has ever been Accounted by the best Judges to be the truest Interest of the Crown to maintain & Defend the People in the Enjoyments of their just Rights & Priviledges, So it is no Less the Interest & Duty of the People on their Part to Maintain & Support the Prerogative. And as both the Prerogative of the Crown & Priviledges of the People are, by the Excellent & most justly admired Constitucon of England, secured by Laws & known Rules, Yet they are never truly So, but when they are Exercised according to those Rules which neither admit of any thing Arbitrary on the One hand nor Insolent on the Other.

But at the same time the Govern^{r} was pleased So ffavourably to Express his Regards for this City, We must Acknowledge our Surprize at the Caution given us Against "Such Turbulent & ill "minded Spirits, Who under the thin Visage of Popularity & a "Conceited Independancy, Dare presume to Oppose his Majesties

" Royal Authority by Affronting or Despising the Lawful Orders " & Comands Given by any Govern^r," A Language we coud by no means understand until the Govern^r was Pleased, in his Letter of the ffifth Instant, to the Mayor, to Explain himself & Say, " That the Sole & only Occasion of that Speech was, That after " the Govern^r had acquainted the Mayor, the Record^r, & two " other City Magistrates, being altogether at the Govern^rs House, " that he had taken the Examinacon & Cognizance of that affair, " Which they pretended to call a Duel, into his own hands, Some " time before, He coud not but think it a Strange Procedure in the " Mayor & other Magistrates, but Especially the Recorder, who " ought to have known better, to Issue out their Warrants in " Order to take that affair Out of the Govern^rs Hands, or Rather to " Judge whether he had any authority to act as an Officer & Ma- " gistrate of his Majesties Peace or not, without so much as giving " the Govern^r the least notice of their Intention. And the Govern^r " adds, that he believes every Indifferent Person will think that " Speech was a very Gentle Reprimand, or Rather Caution to pre- " vent any such Affronts for the Future.

By this Explanation, We find to our great trouble, that the Persons so Severely Characterized by the Govern^r in his Speech, were the Mayor, Record^r & two Ancient Aldermen of the City who had join'd in Signing a Warrant for Apprehending the Duellists in Pursuance of a Penal Act of this Province Provided against that Practice. But whether so Sharp a Censure was Due to these Magistrates, may best appear from a State of the Case, which we humbly beg leave to Represent, And ffirst the matter of ffact, which we find to be as follows.

A very young man, Master of a Vessell from one of the Islands, whose conduct on Some Other Occasions had not been Regular,

being Guilty in Company at a Tavern of a very Rude Boyish Action, in Drawing a Seat from under a Youth, then about to sit Down, was Reproved for the Indecency of the Action by another, Which the ffirst so heinously resented, that he Demanded Satisfaction of his Admonisher; hereupon the next Day these two Met & fought a Duel, [for we must beg leave to call it so] & both being wounded, they were Parted; The first Aggressor, not Content with this, Insisted on further Satisfaction. The Governour hearing of his Extravagancy was Pleased to Interpose, & for prevention of further Mischief between the Parties to make up the Difference. This is the Utmost Length, as far as the Magistrates mentioned by the Govern^{r}, at his house, can by any means Remember, as they Declare the Govern^{r} was Pleased to say he had proceeded in that affair. Here a Penal Law of the Province was transgressed, a Crime was Comitted that most Civilized Nations, by the Severest Penalties Guard against, And a Crime that, in America, ought most carefully to be Discourag'd, where too many of the youth with as much heat of Blood, Regulated by as little Education, Affect the title of Gentlemen upon as Slender ffoundations, & in as wrong a manner as perhaps in any other part of the World. Yet tho the Govern^{r} had given himself the trouble of preventing any further Madness of that kind between the Offenders, And tho he is not less a Guardian of the Laws than any Inferiour Magistrate, Yet we never heard that by any means Whatsoever he had Requir'd them to Account for the Breach of the Law, Nor was it Reasonable to Expect that the Govern^{r} should take that Part upon himself, because Such Prosecutions Lying only in the Courts of Records, they are carried on by Legal & Judicial process; and the Penalties can be no otherwise Inflicted or Recovered.

This Offence Coming to the Mayors knowledge, he, with the Recorder, as has been Said, & two Aldermen, in Discharge of their

Duty, to which they stood Solemnly Obliged, Issued a Warrant for Apprehending the Delinquents, upon Notice whereof they withdrew out of this Province, And hereupon the Govern^{rs} Resentments as we now find, have Ensued.

But how they can be Charged in this, with Presuming to oppose his Majesties Royal Authority, by affronting or Despising the Lawful Orders & Comands given by the Govern^{r} in his Majesties name, when not the least Order or Direction of any kind that we can hear of, was given by the Govern^{r} in this Affair, Suppasses our Understanding.

If the Govern^{r} intends, or it shoud be Conceived by any as the Matter now Stands that a Magistrate Knowing the Governour has been Acquainted with the Comission of a Crime, is hereby Debarred from all further prosecucon, without his Orders, it will Naturally follow from the Same foundation, that the Execucon of all Penal Laws may at the Govern^{rs} Pleasure be Suspended, & the Prosecucon of all Criminals depend upon his Will, which We Conceive to be a direct Contradiction to the Very Being & Nature of a Legal Constitucon; thus even Murders in which Duells too often Terminate might be Comitted with Impunity, & his Majesties Leige Subjects be Exposed to the Greatest Insecurity, which we are perswaded, notwithstanding, is very Remote from the Govern^{rs} Inclinacons & Desires.

That the Sovereign by his Royal Prerogative, & those under him whom he has duly Impower'd, can mitigate the utmost Severity & penalties of Laws, which are the Subordinate Magistrates Strict Rule, is not Only an Acknowledged truth, but the great Happiness of the Subject, who by this Means Partakes of that Mercy from which he woud otherwise be Excluded, But as this Prerogative is a

Part of the Constitucon itself, so the Rules ffor Exercising it are no Less firmly Established than the other parts of the Law. That the King can do wrong is one great Branch of the prerogative, & therefore that others may be made accountable for all malfeasances in the administracon, The Law Declares that the King cannot Comand but by Matter of Record. The King may Pardon a Criminal or forbear it at his Pleasure, But if he grants the favour, it must be under the Broad Seal. So also Process can be Stopt only in a Legal Way, nor can the King by Law Pardon a Penalty which woud accrew to others than himself, So that the Prerogative, however great, has its Rules & Limitacons as well as other parts of the Constitucon.

Therefore as the Gover^{nr} has been pleased to Observe in his Speech to us that an English Constitucon is the best guard of Liberty, & has Elsewhere Recomended that ffair & Lovely Pattern a Wise Imitacon whereof [he was Pleased to say] cannot fail in the best manner to Secure to the People, the favour of their Sovereign, & his Majesties ready concurrence to Support & protect them in all those truly Valuable Priviledges & Immunities which English men & good Subjects do claim & fully Enjoy under this Reign, We humbly & Earnestly beseech the Govern^{r} that in Dispensing the Royal Prerogative, which is a Noble part of that Constitucon, And in Issuing his Orders & Comands, he would be pleased to make that his Only Rule, And then We shall ever think our Selves intirely secure from all Danger of the least Breach or Misunderstanding, for as the Exercise of the Magistracy is but a Burthen to those concerned in it, & is undertaken only for the Preservacon of the Tranquillity & Safety of his Majesties Subjects, We Assure the Govern^{r} that we shall on our parts have nothing more at heart than the Regular & Legal Discharge of our Duty toward his Majesty,

Governour & people, with a Good Conscience in the Sight of God & man, & without any affectacon of Popularity or Conceited Independency: ffor we crave Leave to hope that the Execucon of the Laws pursuant to an English Constitucon, & by Virtue of the Proprietors Charter to this City, founded on the Royal Charter to himself, & as Rightfully, Regularly & Advisedly Granted to us as he ever Issued any other Comission, will never be judged to Merit any such Imputation, And if we can find our Endeavours Answer'd, in Suppressing Vice, Promoting Virtue & maintaining good order among the Inhabitants, subject to the Powers of that Charter, in which We hope the Govern^{r}, from his hearty Inclination to advance the Welfare of the Publick, ever be pleased to Countenance & Strengthen us, We shall from thence Reap the Greatest Satisfaction that We can Expect from our Conduct therein.

We have in this address [May it Please the Govern^{r}] been the more Prolix, that We might more Effectually make use of the Opportunity the Governour has thought fit to give us to State these Affairs Relating to this Corporacon more clearly, for preventing all further misunderstanding on any such Like Occasions, ffor as it is our hearty Inclinacon to Acquit our Selves in our Several stations with all Due Deferrence to the Governour as our Superiour, So We cannot Close better than with the Governour Excellent Expression to the Late Assembly, in August Last, Where he was pleased to Say "It is a Certain truth that the honour & Reputation of this "Colony will ever depend upon that Opinion Which Mankind Na- "turally fform to themselves from a Mild but Prudent Administra- "tion in Government, And When the whole is animated with "unanimity & a true Publick Spirit, No Doubt but the best use "will be Made of every Opportunity to Serve & promote y^{e} Pub- "lick Weal."—

Which Address being Read & duly Weigh'd & considered, It is the Unanimous Opinion of the Board, that the sd Address be Sign'd by the Mayor in behalf of the Corporacon, and that the Mayor, Alderman Hill, Alderman Masters, Alderman Dickinson, Joshua Carpenter & Benjamin Vining Do wait upon the Govern^{r} with the Same.

The Recorder laid before the Board a Copy of a Petition Signed by several of the Inhabitants of this City to the Assembly now Sitting, Setting forth That by an Act of Assembly of this Province, (Intitled An Act for raising Money on the Inhabitants of the City of Philadelphia for the Publick Use, & Benefit thereof,) It is Enacted that the Mayor, Recorder & Aldermen, or a Majority of them, with

the Assessors, shall Calculate the Publick Debts, & what Moneys may be necessary to be raised on the Inhabitants, but that the difficulty of getting together the several Magistrates to Act in conjunction with the Assessors so frequently as is Necessary, occasions not only delay in their Affairs but Loss of their Money, by not having their Accounts timely Adjusted, & their Taxes duly Collected, some of which have been several Years Collecting, & not yet Compleated, & some Ballances have been long due, while many Persons refuse to pay & yet are out of the reach of the Law, for the reasons aforesd, Praying the Assembly to grant them the Priviledge of Chusing Commissioners to Act with the Assessors, as in the County, with such powers, and under Such restrictions & regulations as the sd Assembly Shoud See Meet. And it Appearing to this Board that the sd petition is altogether Groundless, & that the Allegations therein cannot be Supported by the sd petitioners, And that if an Act shoud pass According to the prayer of the petition, (a Bill being orderd for that purpose to be drawn by a Comittee of Assembly) it would be a great Infringement on the Priviledges granted this Corporation by Charter, the Board are of Opinion that an Application be immediately made to the Assembly that they woud give the Magistrates an Opportunity at Such time as they shoud think proper to Acquit themselves of the Unjust Charge intended against them in the s^{d} petition, And at the Same time Allow the Mayor & Commonalty to be heard in Defence of their Just rights and priviledges, And a Remonstrance for that purpose from this Board to the Assembly was drawn, which being read & approved, It is Ordered That Alderman Griffitts, Alderman Hassell, Samuel Powell, jun^{r}, & Nathaniel Allen, wait on the Assembly to morrow at Eleven o'Clock in the forenoon, & present the sd Remonstrance.

The Petition of William Paschall, Setting forth that there will be a Vacancy in the Office of Measurer of Grain, &c, Imported into this City, the former Officer being now Appointed Sheriff, Praying this Board woud be pleased to Appoint him to That Office, the Board having taken the said Petition into Consideration do Appoint the said William Paschall to the said Office, in the Room and Stead of Nicholas Scull, y^e^ former Officer.

The Board having taken into Consideration the Defenceless State of this City, in case of an Invasion by the Enemy, are of Opinion, that a Petition to the King be forthwith prepared, setting forth the Defenceless State the said City, and requesting his Majesty to take the Deplorable Condition of the Inhabitants into Consideration, and to Afford them such Relief as his Majesty shall Think fit.

A Petition to his Majesty biing ready prepared, was Offered to the Board by the Recorder, which was Read and Considered, which petition was Approved of and Ordered to be Ingrossed, and is as follows:

, To the Kings most Excellent Majesty.

, The humble Petition
, of the Mayor and Comonalty of the City of Philad^a^, in the pro-
, vince of Pemsylvania, in America, in comon Council Assembled

Most Humbly Sheweth

, That the City of Philad^a^ is Situate upon the River Delaware,
, Navigable by Ships of Considerable Burthen, by w^ch^ means it
, stands Exposed in the present Dangerous Conjuncture to the
, Attacks of Vessels of War, that may be sent by Your Majesties
, Enemies to Plunder and Destroy it.

, That above Three hundred Vessels, belonging to Great Britain , and other your Majesties Dominions do Annually Arrive at this , City, the Only place of Naval Commerce wthin the Province, and , Upon the safety of which the Trade of the whole Principally , Depends.

, That this City contains at Least fifteen Hundred Houses & , Thirteen Thousand People, but is Without Batterys, Forts or any , kind of Fortifications, and the Inhabitants Like the rest of the People , of the Province are Distitute of Arms and Ammunition, Unprac- , tised in any part of Military Discipline, and Under no Legal Obli- , gation to arm themselves or Defend it.

, That your Petitioners have great reason to Believe that their , Defenceless state is well known to the Subjects of the French , King, as well in the Islands as Upon the Continent, from whence , we are Daily Under an Apprehension of an Invasion which, if , Undertaken with so small an Armament, as Three or four Priva- , teers must, in all human Probability, End in the Distruction of the , City, & Total Ruin of the Inhabitants.

, That the Proprietors and the Lieutenant Governour of the Pro- , vince, and very many of the Inhabitants have frequently Applyed , to the Assembly to Put the Province and this City into some Pos- , ture of Defence, but they have Constantly refused to do the Same, , Declaring that all Warlike Preparations are against their religious , Principles.

, Wherefore Your Petitioners with all Humility, Do Throw them- , selves at Your Majesties feet Beseeching Your Majesty to take , their Deplorable Condition into Your Royal Consideration, and to , Afford them such relief as in Your Wisdom Shall be Thought fit, And they as in Duty Bound, shall ever Pray, &c.

GIVEN Under our comon Seal, at the City of Philad[a], the Twenty Third Day of October, In the Year 1744, and in the Eighteenth Year of Your Majesties Reign, And Sign'd by order of the Comon Council, by

Agreeable to the order of the last Day, the Recorder, Thomas Hopkinson & William Coleman laid before the Board the Address to the Governour, which runs in these Words, Vizt.

, To the Honourable George Thomas, Esqr, Lieutenant Go-
, vernour of the Province of Pennsylva, & Counties of New
, Castle, Kent and Sussex, upon Delaware —— The Humble
, Address of the Mayor & Comonalty of the City of Philada,
, in Comon Council assembled:

, May it please your Honour,

, As you have publickly declar'd your Intention to depart the
, Province, We, the Mayor & Comonalty of the City of Philadel-

, phia, beg Leave to say: That it is no new Thing to address Go-
, vernors upon their entring into their Governments, and to enume-
, rate their Virtues before it has been experienc'd whether they have
, any; but when their Authority is like to be at an End, Instances
, of this kind are very rare, either owing to their Male-Administra-
, tion, or to a Love of Change, in the People.

, We, however, after having had the Happiness to live under
, your Government for Nine Years, have so high a sense of the In-
, tegrity & uprightness of your Administration, that we think our-
, selves oblig'd, in Gratitude & Duty, in this publick manner to
, declare our Sentiments, and at the same Time to express our
, great Concern At your resigning the Government.

, We may, with the greatest Truth, say You have had clean
, Hands, and have acquired No Money amongst us, unjustly.

, During your Administration, no Offices have been sold, (tho'
, most of the considerable ones in the Province have been vacant,)
, but such as you judg'd the most Capable to discharge them,
, have been by you appointed, without Fee or Reward: Nor has
, the Course of Justice been interrupted by Noli prosequi's in order
, to fill your own Coffers, tho' these Things have been too often
, reckon'd Perquisites in many of the Colonies.

, Your Prudence and great Abilities have, upon all occasions,
, been conspicuous and tho' Party Differences have run high among
, the People, you have so conducted yourself, That however disatis-
, fied they have been with one Another, yet they all agree in having
, an affectionate Regard for you.

, We beg Leave, with Hearts full of Gratitude, to return your
, Honour our most sincere Thanks for the Countenance & Protec-

, tion you have always shown this Corporation, in preserving to , them their just Rights and Priviledges granted by Charter. That , you may have a prosperous Voyage, and your Health fully res- , tor'd; that you may long enjoy it, and all manner of Felicity, are , our most earnest Wishes.

Sign'd by ord^r of the Board.

W Attwood, Mayor.

To which Address the Governour was pleased to make the following Answer:

, Gentlemen

, I thank you for this very kind Address. The only Return , I can now make for the favourable Opinion you are pleas'd to , entertain of my Administration, is to assure you of my warmest , Wishes, that your infant City may become more & more the Ad- , miration of Strangers, by an Increase of Buildings, Reputation, , & Trade. And that you may ever enjoy these Priviledges, , which have been so greatly instrumental not only to your own, , but to the present prosperous Condition of the Province in General.

The Committee appointed to settle the Corporation Accounts, having finish'd the same to the 20th Day of June last; and having now exhibitted to the Board in Writing, an Account of their Proceedings, it was approved of, and order'd to be inserted in the Minutes of Council, being in the following Words, Viz^{t}:

, The Committee appointed by this Board for settling the Cor-
, poration Accounts, having diligently applied themselves to that
, Service do report as follows:

1. , That upon perusing the Accounts & Papers of the former
, Committee, they find the s^{d} former Committee had examin'd the
, following Accounts; some of which they had adjusted, & others
, they had stated, but not fully settled, the Parties concerned not
, having given their Attendance, viz:

, Owen Roberts Account; Ballance due to the Cor-	
, poration as settled by the Committee the 17th Decem-	
, ber, 1731, ...	£48 4 3
, And for an Error in s^{d} Acco^{t} afterwards	
, discover'd, ...	5 4 0
	£53 8 3

, Owen Owen's Ballance adjusted 24 July, 1728, for
, which he gave his Notes, payable to William Fish-
, bourn, then Treasurer, £56 4ˢ. But by subsequent
, Accoᵗ stated to the 29. 8 ber, 1728, (the said Owen
, not attending,) his Debt, including the Note amounted
, to . . . . . £128 19 —

, Charles Read, Ballance of his Accoᵗ as Sheriff,
, adjnsted by the Committee the 17 February, 1734–5,
, (including also £42 he received when Mayor, of the
, Clerk of the Market,) £85 14 10

, Septimus Robinson's Accounts were settled by the last Com-
, mittee, and it appears that he paid (at several Times) to the
, Treasurer, £71 16ˢ, in full thereof.

, Joseph Breintnal's Account was stated by the for-
, mer Committee, but not fully settled for want of his
, Attendance. The sᵈ Breintnal having never paid
, any thing to the Treasurer, [except a Scale Beam
, which he had taken in part of a Fine, which is still
, in the Treasurers Hands,] The Ballance appears
, to be, ... £84 11 —

, As to John Leech, late Vendue Master's Debt, this Committee
, beg Leave to refer the Board to the following Minute of Coun-
, cil, viz:

, At a Common Council 4 Jan, 1730, Alderman Plumsted &
, William Atwood report, That they have treated with John Leech
, about the rent due to the Corporation, and that the sᵈ John Leech
, is willing to pay the Sum of Forty Pounds in Discharge of the
, same. This Board having taken the same into Consideration,

, do agree, That upon the s[d] Leech's paying the Sum of Fifty , Pounds, & the Costs of Suit, he be discharged from the Debt of , Seventy seven Pounds ten Shillings, due to this Corporation.

, William Fishbourn, the former Treasurer's Acc[ot], was stated , by the last Committee, by which there appears to be a Ballance , of 8[s] 9½ in his Favour. But by a Paper now in the Hands of this , Committee, they find he made several Objections to that Settle- , ment.

2. , By inspecting the present Treasurers Acco[t], they find That , Patrick Baird, Vendue Master, has paid the Rent of his Stall , under the Court House in full to the 12 March, 1746–7.

, That John Baird, who rented the new Stalls, paid the Treasurer , in all £245 in full for Rent to 22 January, 1745–6, from which , Time William Paschall Accounts for the same.

, That William Rawle & his Executors have paid the Treasurer , since the Commencement of his Lease of the Ferry to Coopers, , 6 years Rent, to the 25 March, 1747, amounting to £180.

, That there is due from Baltes Resar & John Lucan on Bond, , dated the the Sum of £150, being , the Money presented to the Corporation by James Hamilton, Esq[r], , late Mayor of this City.

, That Charles Stow was paid by an order on the Treasurer of , 29 Feb, 1743–4, the Sum of £29 10[s] in full, for his Services to , that Time.

3. , Respecting the Accounts that have come under the Con- , sideration of this Committee, they have to add,

, That they have stated the Ballance due from the Estate of , Thomas Griffitts, Esq^r, deceasd; Which, if right, (his Accounts , being somewhat imperfect,) will stand as follows:

, Remaining due on Account of the Subscriptions for purchasing Fire Engines, Buckets, &c., ... £38 9 —

, And for Ballance of the Money he receiv'd of Rich^d Armit, then Clerk of the Market, ... £60 1 —

[N. B. The Committee have debitted the s^d Thomas Griffitts , in the above mention'd State of the Account, for £135 1^s, paid , him by Rich^d Armitt at three several Payments, the last of which , was £30, as appears by his Receipts. But besides this, said , Armit has Credit given him in Acco^t settled with the Committee , in this Year, 1734, for £30 more, as paid to s^d Griffitts; Which , this Committee take to be a Mistake, occasion'd by inadvertently , creditting s^d Armit for the same £30 in two different Accounts; , Since he can shew Receipts for no more paid to Thomas Griffitts , than the abovemention'd three payments, nor has s^d Griffitts , given Credit for any more. If this be so, Richard Armit is still , indebted to the Corporation in the Sum of £30.]

, That they have settled the Acco^t of Daniel Radley, late Collector of the Stall Rents, the Ballance of which is since paid to , the Treasurer.

, That William Paschall, Clerk of the Market, his Acco^t settled , with the Committee, stands as follows, viz:

, Ballance due from him as Collector of the Old Stall Rents, reckon'd to the 25 March last, . . . 37 16 3

, Ballance due from him on Acco^{t} of the New Stalls, (rented by him at the Rate of £60 p Annum,) to the 31 April last, ...	41 10 —
Due in all, ...	£79 6 3

, Thnt upon stating the Accounts of what was due to Robert , Assheton, Esq^{r}, deceas'd, as Recorder, And to Ralph Assheton, , late Clerk of the Common Council, & debitting the several Pay- , ments made to the s^{d} Ralph Assheton by Order of this Board, , they find there is overpaid on the s^{d} Account £1 2 8^{d}.

, That upon stating the Acco^{t} of what was due to Andrew , Hamilton, Esq^{r}, deceas'd, the late Recorder, & the several Pay- , ments made, they find a Ballance of £26 3 4^{d}, due from this , Corporation.

, That they have settled with John Wyatt, late Sheriff, for Fines , collected by him due to the Corporation; who has paid the Trea- , surer at two Payments £108 4 1^{d} in full.

, That they have settled with Nicholas Scull, the present Sheriff, , and after deducting £29 18 6 paid the Treasurer, find there , remains a Ballance due from him of £48 10 6, Part of which , he alledges is out standing.

, That upon stating an Account with James Coultis for Rent of , the Ferry at Schuylkill, they find due from him to the 19 Feb- , ruary last, the Sum of £109. After having discounted £150, , which this Board agreed to advance towards building a new , Ferry House.

, That they have examin'd the Acco^{t} of Samuel Hassell, Esq^{r}, , Treasurer, by which it appears that he has receiv'd on Account

, of this Corporation, the Sum of £2228 10 11 to the 18 June, , 1747, And paid away to the same time the Sum of £1678 17 3½, , On which Sums he charges Commission, five p Cent for receiv- , ing & five for paying, amounting to £195 7 6. The Ballance , then due to this Corporation being £354 6 1½d. As this Ac- , count relates to several Transactions which this Committee are , not fully acquainted with, they beg Leave to lay the same before , the Board for a further Examination.

, That there is due to William Allen, Esqr, Recorder, for his , Salary from the 7th August, 1741, to the 7 August, 1746, being , 5 years at £25 p Annum, the Sum of £125.

, And to Andrew Hamilton, as Clerk of the Common Council, , from 27th Febry 1745–6, to the 27 February 1746–7, the Sum of , £25.

4. , This Committee do also represent to the Board, That the , Yearly Income now growing due to the Corporation (besides what , arises from Fine or Amerciaments) they find to be as follows, viz:

, From the Executors of William Rawle, dec'd, for , Rent of the Ferry from this City to Cooper's Land- , ing £30 p ann. (The Lease commencing 25 March , 1741, for 7 Years).	£30 —
From Patrick Baird, for Rent of a Stall for the Vendues under the Court House, payable 12 March yearly £25 p annum.	£25 —
From William Paschall for Rent of the New Stalls to the Eastward of the Court House, £60 p annum, as p. Minutes of Council, (the Lease for the same (not being yet executed) is to commence 31 July, 1746.)	£60 —
Amount carried forward,	£115 —

Amount brought forward,	£115 —
, The Stalls to the Westward of the Court House, , when all lett, (as they commonly are) yeild £84 p an- , num. The Collectors Commission for receiving and , paying at 10 p Cent deducted, reduces it to about , £75 16 p annum.	£75 16
, From James Coultas, for Rent of the Ferry at , Schuylkill, (p Lease commencing 19 August 1744, , for 7 Years) £100 p annum. But the sd Coultas be- , ing obliged by a Clause in his Lease, to pay the Ad- , ditional Rent or Interest of so much as shall be ex- , pended by the Corporation in purchasing Ground for , accommodating the sd Ferry, or making any addition- , al Buildings or Improvements: and the Sum of £150 , which the Corporation agreed to advance towards , Building a New Ferry House, being discounted in set- , tling with him for 1½ Years Rent, ending 19 February , 1745–6. From that Time this Committee conceive , he is to pay £109 p annum, to which he also agrees.	£109 —
For Interest of Resar & Lucan's Bond for £150, at 6 p Cent p annum,	£ 9 —
The whole amounting to, p annum	£308 16

All which is submitted to the Correction of this Board.

Mr Andrew Hamilton, late Town Clerk, and Clerk of the Common Council being dead, The Board took into Consideration the choosing some proper person to succeed him in those Offices, but some Members objecting That this Board had not a Right to Choose a Town Clerk, and insisting That the said office was in the Disposal of the Mayor, Recorder and Aldermen only; That point was fully debated, and after some time spent therein, the Question

was put Whether this Board had the Right of choosing a Town Clerk, as well as a Clerk of the Comon Council, and it passed in the affirmative, as well by a Majority of Votes of the Aldermen as of the Comon Council men. Them the Board proceeded to the choice of a Town Clerk and a Clerk of the Comon Council, and William Coleman, of Philad^{a}, Merc^{t}, was chosen to the said Offices by a Majority of Votes.

It was represented to the Board by the present Mayor, That as the Time of Election of a Mayor for the ensuing year is at hand, and of late years it has been a Difficulty to find persons willing to serve in that office, by reason of the great Trouble which attends the faithful Execution of it; He therefore moved, That for the future some Allowance be made to the Mayor's of this City out of the Stock of the Corparation, for the support of the Dignity of that Office, and as some Compensation for their Trouble. The Board taking the same into Consideration, the Motion was approved, and the Question being put Whether One hundred pounds per Annum should be allowed and paid out of the Corporation Stock for those purposes for Three Years to come, it passed in the affirmative

The Board being met to Consider what was necessary to be done on Occasion of the Mayor Elect's being gone out of Town: The Recorder inform'd the Board that he had Consulted the Attorney General, and it was his Opinion that a written Notice should be sent to Alderman Morris's House, signifying he was so elected as aforesaid; and likewise that a Messenger should be dispatch'd

into the Country where it was said he was gone, with a like Notice, who should endeavour to procure his Answer whether he would serve in the s[d] Office or Not. In which Opinion a Majority of the Board concurr'd; And accordingly two such Notices were made out and sign'd by the Clerk, and the City Seal affix'd to each, by Order of the Board: One of which was deliver'd to Charles Stow, to be left with Alderman Morris's Wife, or some one of his Family if he should not be come home; And the other was deliver'd to James Whitehead, who was order'd to go up into Bucks County, or where else he might be inform'd Alderman Morris was gone, & endeavour to serve him personally with the sd Notice, and bring his Answer to the Board at their Next Meeting.

James Whitehead, the Person employ'd to serve Alderman Morris with Notice of his being elected Mayor, being calld in and sworn, said, That he had been up into Bucks County, & at Trenton, where it was said Mr Morris was gone, and tho he had used his utmost Endeavours, that he had not been able to find him.

Charles Stow being likewise call'd in and sworn, said, That he had been at the Dwelling House of Alderman Morris, and read the Notice he was sent with, to his Wife, and would have deliver'd it to her, but she refused to receive it, and said her Husband was from Home, and she believed he would not return till Saturday Night.

The Board then considering that since the Mayor Elect did not appear, to accept of the said Office, and take & subscribe the usual Qualifications within the Time limitted by Charter, although the proper Means had been used to give him Notice of his Election, it was necessary to proceed to a new Choice; And thereupon William Attwood, Esq^{r}, was Chosen Mayor for the Year ensuing by a Majority of Votes.

The Board having considerd the Petitioners Circumstances, & his Inability to follow his Trade, do remit one Moiety of the sd Fine.

The Petition of Sarah Levine was read, Setting forth that she was fined Five Pounds in October last, for keeping a Publick House without Licence, & that being unable to pay the sd Fine, humbly

The Petition of Leonore Martina was read, setting forth she was fined the preceeding year the Sum of Ten Pounds for having had a Bastard Child, & that being very poor & having the sd Child to maintain, she is not able to pay the said Fine. The Board having considerd the Premises do remit the same.

Whereupon a Motion was made & agreed to by the Board, that Samuel Powel, John Stamper, Samuel Rhoads, Edward Warner, Benjamin Franklin, & William Logan, be desired to view the said Swamp, & consider

of the best Means of removing the Nusance complain'd of, and what will be the best Method of improving the sd Swamp for the general Use and Benefit of the City, and report their Opinion concerning it to this Board as soon as conveniently may be. It was also resolved by the Board that the Mayor & Recorder, with alderman Taylor, Tench Francis, & Thomas Hopkinson, be a Committee to draw up an Address to the Proprietor on this Occasion, to be laid before next Common Council for their Approbation.

The Mayor proposed to the Consideration of the Board, that since the Inhabitants of the City seem now generally apprehensive that the Enemies of Our King & Country, incouraged by their Knowledge of our defenceless State, have form'd a Design of attacking us next Spring, Whether it might not be proper to petition the Honble Proprietors of this Province to send over a Number of

Cannon for erecting a Battery, with such a Quantity of Arms & Ammunition as to them shall seem meet. And a Majority of the Board being of Opinion that such a Petition is requisite, & that the same ought to be forwarded by the next Ship for London, a Draught thereof was brought & read at the Board; and being approved of, it was orderd to be ingross'd and Signed by the Mayor, in order to be transmitted accordingly; being in the following Words, viz:

"To The Hon^ble Thomas Penn and Richard Penn, Esquires,
"true & absolute Proprietors & Governours in chief of the
"Province of Pensylvania & Counties of New Castle, Kent
"& Sussex, upon Delaware.

"The humble Petition of the Mayor and Commonalty of
"the City of Philadelphia in Behalf of themselves & Others,
"the Inhabitants of the said City,

"Showeth,

"That as the Enemies of our King & Country "are but too well acquainted with the defenceless State of this City, "and by means of their Privateers coming within the Bay [as "they did divers Times last Summer] have gain'd some Knowledge "of the Navigation of the Bay & River, We have the greatest "Reason to apprehend they will make some Attempt against us the "next Spring, or as soon as they can gather a sufficient Force for "such an Enterprise.

"That the people are now pretty generally alarmed at their "Danger, and seem more than ever disposed to come into measures "for their mutual Defence & Security.

"That your Petitioners being well assured that the "Hon^ble Proprietors have the greatest Regard for the Safety and

"Well-being of the City of Philadelphia, and at this time finding the "People inclined to make Use of all Means in their Power for its "Defence, are thereby emboldned humbly to petition Y^r Honours to "send over a Number of large Cannon in order to erect a Battery "or Batteries that may command the Passes of the River, together "with such Arms & Ammunition as to you shall seem necessary "on this pressing Occasion.

"And your Petitioners, with grateful Hearts, shall ever ac- "knowledge so great a Benefaction, as will as the many others re- "ceived from the Proprietary Family; and as in Duty bound shall "pray, &c.

"Sign'd by order of the Board,

"W^m Attwood, Mayor.

It being represented to the Board that the Scheme of a Lottery for raising Money for the Use & Benefit of this City is set on Foot, and in some Forwardness, and that it was thought that if it was approved of by this Board, and some persons appointed by them to oversee & inspect the Management thereof, it might give a Sanction and Credit thereof; it was thereupon resolved by the Board that they do approve thereof, and that at the next Meeting of the Common Council they will appoint some Persons to inspect the same accordingly.

The Petition of Alexander M^cKenzie was read, setting forth that he was fined Five Pounds at the last Mayor's Court, for keeping a Publick House without Licence: that he is old and infirm, and his Wife a Cripple; and being without any means of getting a Lively- hood, is far from being able to pay the s^d Fine: The Board having consider'd the Premises, do remit the said Fine.

The Petition of John Church & Thomas Stewart was read, setting forth That the sd Petitioners have Water Lots adjoining the South Side of Cedar Street, and are now about to improve the Same by building Wharves thereon: And that they conceive it would be for the advantage of the City if a Publick Wharf at the End of the sd street were carried out at the same Time, As it might be done more conveniently & at less Expense than afterwards. The sd Petitioners further proposed to the Board to build a good and Sufficient Wharf at the End of the sd Street at their own Expence, provided this Board will allow them to receive the Profits thereof for thirty Years, unless the Board should think fit to pay them the

Cost and take it into their own Hands sooner. The Board having Consider'd the Contents of the s^d^ Petition, do appoint Richard Nixon & Samuel Rhoads to view the place & report their Opinion of the Cost of building such a Wharf, that this Board may be the better able to judge whether the said Proposals ought to be agreed to or not.

The Mayor having acquainted the Board that the Lottery which had been set on foot in this City, for the Benefit of the Publick, remains yet unfill'd, a considerable Number of Tickets lying yet in the hands of the Managers undisposed of, tho' the Day first appointed for drawing the same was now come; proposed, in order to further & encourage so useful a Scheme, that a number of the s^d^ Lottery Tickets be taken up on the Account & at the Risque of this Corporation.

The Board having maturely consider'd the s^d^ Proposals, & being convinced that the Money to be raised by the said Lottery was intended principally to be laid out for the Security & Defence of this City, & that without some assistance from the Board at this time, the drawing of the s^d^ Lottery might be too long postponed, The Question was put, Whether Two Thousand of the said Lottery Tickets should be taken out on the Account & at the Risque of this Corporation? which was carried in the Affirmative by a great Majority.

In pursuance whereof it is Order'd, That the Treasurer of this Corporation do apply to the Managers of the s^d^ Lottery for Two Thousand of the s^d^ Tickets, and give his Note or Notes for the same in behalf of this Corporation, to the following Effect, That he, the said Treasurer, has received of the s^d^ Managers such a Number of Tickets, on the Account of this Corporation, which, by a Vote of the Board of this Day, is bound & obliged to pay the

Loss, if any shall accrue upon the s[d] Tickets when drawn, to the Said Managers, or such other person or persons as shall be appointed to receive the same.

The Board have nevertheless agreed that if it shall appear after the remaining part of the s[d] Lottery Tickets are disposed of by the said Managers, that there are Purchasers ready to take off more, the s[d] Treasurer shall be & is hereby impower'd to sell out at the Prime Cost, so many of the Tickets taken up as aforesaid for this Corporation, as there may be a Demand for, before the day fixt upon by the s[d] Managers to make an End of the Sale.

The Petition of William Cooper, one of the Executors of William Rawle, deceased, was read, setting forth That as the Lease granted to the said William Rawle for the Ferry from this City to West Jersey is near expiring, the said Executors are willing to take a New Lease for the same until the Son of the s^{d} William Rawle comes to be of age. The Board having considered the s^{d} Petition, & the Value of the s^{d} Ferry, do agree that a New Lease thereof be granted to the s^{d} Executors at the Rate of Thirty Pounds p annum, to commence from the Twenty fifth day of March next, for a Term not exceeding Seven Years.

Samuel Powell, John Stamper, Samuel Rhoads, Benjamin Franklin & William Logan, having been nominated at a Common Council held for this City the 19th Day of October last, as proper persons to Consider & advise upon the best means of improving the Swamp between Budds Building & Society Hill, for the general Use & Benefit of this City, & preventing its being any longer a Nusance to the Inhabitants; have now delivered in their Report to the Board in Writing, being in the following Words, viz:

„ In pursuance of the above order we have viewed the swamp „ between Budd's Building's & Society Hill, & are of opinion, & „ find it also to be the Opinion of many of our Fellow Citizens with „ whom we have conferr'd,

„ That a Convenient Dock of Sixty Feet Wide, as far as the „ said Swamp extends Westward, a Branch of Thirty Feet wide „ on the South West, & forty Feet wide on the North West, be „ left open for the Reception of Flats, Boats, & other small Craft „ which may be used on the s^{d} Dock. That the Remainder ought „ to be fill'd up above the Tide, & walled in with a good sufficient „ Stone Wall, and made Landing Places for Wood or other Things,

„which may hereafter be brought by Water for the Use of the „Inhabitants of this City; That the s^d^ Dock be dug out & cleansed „so deep that the Bottom may be always cover'd with Water; „That the Channel under the Bridge in Front Street be continued „the Width of the s^d^ Bridge to the East Side of Water Street, „there to widen gradually by sloap Lines on each Side, so as to „be sixty or eighty Feet wide, & to Continue that Width to the „River Channel, & to be dug out & walled as aforesaid, agreeably „to a Plan now laid before the Board; That the Common Sewer „on the South West Branch be continued to the Dock. But this „will be attended with a considerable Expence, & the dangerous „Nusance complained of not effectually removed, unless the whole „Dock, so far as to the Third Street, be in like manner dug out, „cleansed & walled up. We have (least it should appear too „great a Burden to be borne by the City,) applied to several of „the Inhabitants, Owners of Ground adjoining the said Dock, who, „taking the Premisses into serious Consideration, have, (for Re- „moval of so publick & dangerous Nusance, as far as in them „lies, and also for procuring a sufficient Quantity of Water in „Case of Fire in that part of the City,) agreed each for himself, „his Heirs, Executors & Administrators, to dig out, cleanse & wall „their several & respective Shares of the said Dock which are „opposite to their respective Lots, and to keep them forever clean „& in good Repair; On Condition That the Profits arising from „the landing of Wood and other Things on the Bank of the s^d^ „Dock opposite to their Lots, may belong to them, their Heirs „& Assigns respectively; And that the City shall make Flood- „Gates at their several Bridges, and do all their Part in the „Premises.

„And this Method we hope will be approved of by the Board, „notwithstanding the Conditions proposed by the s^d^ Undertakers,

„ when it is consider'd that the whole Dock, from Budd's Buildings „ to Third Street, has generally been made at a Private Expence, „ and landing Places in those Narrow Streets will not answer the „ Charge of making to any but to such whose Estates will, in other „ Respects be Benefitted thereby.

„ Upon the whole, as the Nusance is of such a Nature, & should „ it continue, may be of fatal Consequence in preventing the „ Growth and Increase of this City by discouraging Strangers (to „ whom every Mortality, at a Distance is greatly magnified) from „ coming among us, or filling our own Inhabitants with Fears and „ perpetual Apprehensions, while it is suspected to propogate infec- „ tious Distempers, We humbly propose that a Tax be laid on the „ City, & Money raised for doing all those parts which appertain „ to the Publick, and the whole Nusance be removed. It is, never- „ theless, submitted to the Judgment of the Board by,

Samuel Powell
John Stamper
Samuel Rhoads
B. Franklin
Will[m] Logan.

The Board having consider'd the s[d] Report, and that the Method proposed therein for improving the Swamps & digging & cleaning out the Dock would, if pursued, be attended with a considerable Expence, were of Opinion it would be proper, before any Resolution be taken by this Board, that the Magistrates confer with the City Assessors in Relation to the raising Money for that Purpose, and that in the mean time, the Matters contain'd in the s[d] Report remain under Consideration.

The Mayor acquainted the Board that frequent complaints had been made of the Mismanagement of the Wood Corders in this City, to which if possible some remedy ought to be applied; that Owen Roberts and John Pickel, two Freeholders, had lately applied to the Magistrates to be appointed to that Office; & offered to give Security for their good Behaviour therein: And proposed further, in case it should be thought fit to grant them the fees, profits, fines and penalties imposed & settled by sundry Ordinances of this City, for Cording and Wharfage of Wood, &c., for the Term of Four Years from the Sixteenth Instant; to pay to the Mayor & Commonalty, & their Successors, during the sd Term, the yearly Rent or Sum of Fifty Pounds for the Use & Services of this City; and also at their own Proper Cost & Charge to keep & maintain the Publick Wharffs in good Order & Repair.

The Board having taken these Proposals into Consideration, & being informed that the Rent now offer'd is considerably more than what the said Publick Wharffs had hitherto brought in, clear of Repairs, &c., were unanimously of Opinion That the s[d] Owen Roberts & John Pickle be appointed the Wood Corders for this City, and be impower'd to receive & take the Cordage, Wharfage, Fines & Forfeitures settled & imposed by Virtue of the Laws & Ordinances of this Corporation, for the Cording, Landing or Lying of Cord Wood, Boards, Planks, Timbers, or other Things on the Several Wharffs hereunder mentioned; (they the s[d] Owen Roberts & John Pickel, keeping the same Wharffs in good Repair, and paying the s[d] yearly Rent of Fifty Pounds during the Term aforesaid) viz. The Publick Wharff at the End of Vine Street with the Penny-pot Landing, adjoining thereto; The Publick Wharff at the End of Sassafrax Street; The Publick Wharff at the End of Mulberry Street, The Publick Wharff at the End of High Street; The Publick Wharff at the End of Chesnut Street; The Publick Wharff at the End of Walnut Street; The Publick Wharffs or Landing Places at the End of Dock Street, being Thirty Foot in Breadth above, and as much below the Draw Bridge; And the publick Wharf at the End of Spruce Street, adjoining to Samuel Powel's Ground. And the Mayor is desir'd to execute a proper Instrument, in Writing, to the said Roberts & Pickle for the Purposes aforesaid, & take Security for their good Behaviour & payment of the s[d] Rent in Behalf of this Corporation.

The Recorder informed the Board that this Corporation had been fortunate in the late Lottery, having gain'd by their Adventure therein, the Sum of £ & desired them to consider how the s[d] Money should be disposed of; And it being observed that their sole motive for being concern'd in the s[d] Adventure, was to promote the Publick Benefit, & that the good Ends for which the s[d] Lottery was

set on Foot, could not be fully answered without some further Aid & Encouragement, it was resolved by the Board that the said Sum of gained by the Lottery as aforesaid, be given by this Corporation for the Publick Use, & that the same be paid over to William Allen, Esq^{r} & Samuel McCall to be disposed of by the Managers of the s^{d} Lottery in such manner as they shall judge most conducive to the Benefit & Advantage of this City.

The Recorder exhibitted an Account of the Expence of solliciting a Petition presented sometime since from this Board to His Majesty, for putting the Country into a Posture of Defence, w^{ch} amounted to £53 18 4 Sterling, requesting the Board would be pleased to order that he be reimbursed that Sum, the same having been paid by his Agent in London; The Board accordingly do order that the s^{d} Sum of Fifty Three Pounds, Eighteen Shillings & four pence Sterling be paid the Recorder by the Treasurer of this Corporation.

Some Members representing to the Board that it might be proper that an Entertainment be given to Captain Ballet, Commander of His Majesty's Sloop Otter, now in this Port, at the Expence of this Corporation, the same was unanimously agreed to, and the Care thereof referr'd to the Mayor & Recorder.

The Petition of Edmund Woolly was read, relating to his being opposed in putting up the Partition Fence between him & Caspar Ulrich pursuant to Regulation, but it being late, the Board referrd the Consideration thereof to the next Common Council.

The Office of Salt Measurer being also become vacant by the Death of the said Benja Morgan, Nehemiah Allen was appointed to succeed him therein by a Majority of Votes.

The Board having at a Common Council held the 9th Day of August 1742, nominated & appointed Sundry Persons Regulators of the Streets of this City, several of whom are since disabled by Sickness, or removed out of Town, have now thought fit to appoint Nicholas Scull & Joseph Fox, together with such of the former Appointment as can attend that Service, Regulators of the Streets of this City.

The Petition of Edmond Woolley relating to his being opposed in putting up a Partition Fence between him & Caspar Ulrich, was

now taken into consideration, & Nicholas Scull, Joseph Fox & Samuel Rhoads, are appointed by this Board to examine the Lines & Boundaries dividing the Grounds of the said Edmund & Caspar, and make Report to the next Council.

The Mayor acquainted the Board that in lieu of the Entertainment agreed to be made by the last Common Council, to be made for Cap^{t} Ballet, Commander of His Majesty's Sloop the Otter, at the Expence of this Corporation, the Magistrates upon further Consideration thereof, had thought a handsome present towards his Sea Stores would be more agreeable to him, and that they had accordingly presented him with one Pipe of Wine, Eight Loaves of Sugar, & twenty Gallons of Rum towards his Stores as aforesaid; which was unanimously approved of by the Board.

The Counterpart of the Lease of the Publick Wharffs made to Owen Roberts and John Pickle, in pursuance of the Minute of Council of the 23^{d} May last, together with their Bond with Sureties for securing the Payment of the Rent & performance of the Covenants therein mentioned, being produced & read to the Board, the same were approved of, & delivered to the Recorder.

William Attwood, Esq^{r}, the present Mayor, having proposed to the Board to consider whether it would be most agreeble to them to

accept the Sum of Sixty Pounds to be added to their Stock in the Treasurer's Hands, or an Entertainment at his Expense; The Board were unanimously of Opinion to accept the said Sum of Sixty Pounds rather than an Entertainment.

Alderman Plumsted & John Sober, were appointed to wait on the President & Council to know when the Board should wait on them to present the Mayor Elect, in order to his being qualified.

The Gentlemen appointed to wait on the President & Council return'd, & acquainted the Board they were ready to receive them. The Recorder represented to the Board that in the Lottery now on foot for raising a Sum of Money for the Public Benefit, some Billets of the Second Class remain in the Hands of the Managers. And that as the Day appointed for drawing the same is nigh come, it may happen that they may not all be taken up in due time, and proposed to the Board that, in order to prevent any Delay in an Affair so useful to the Public, a number of the sd Billets be taken up on Account & at the Risque of this Corporation.

The Board having taken the said Proposal into Consideration, agreed to the same; and several Numbers being proposed, the

Question was put, Whether a Number of the s^{d} Billets of the Second class, not exceeding Four Hundred, if it should be necessary to prevent any Delay in the next Drawing, should be taken out on Account, & at the Risque of this Corporation? Which was carried in the Affirmative by a great majority. In pursuance whereof it is ordered that the Treasurer of this Corporation do take up such a Number of the said Billets, not exceeding Four Hundred, as may remain in the Hands of the Managers of the said Lottery on the Day appointed for the next Drawing, And give his Note or Notes for the same in Behalf of this Corporation.

Robert Strettell, Esq^{r}, elected Alderman, & Benj^{a} Franklin & Thomas Lawrence, jun^{r}, chosen Common Council men of this City at the last meeting of this Board, this day took and subscribed the usual Qualifications, and also those for the due Execution of the said offices, before Charles Willing, Esquire, Mayor.

The Committee appointed to draw an Address to the Governour, now brought in a Draught of the same, & after some Amendments it was order'd to be ingross'd, and is contained in the following words, viz:

, To The Honourable James Hamilton, Esquire, Lieutenant
, Governor of the Province of Pensylvania, & Counties of
, New Castle, Kent & Sussex, on Delaware.

, The humble Address of the Mayor & Commonalty of
, the City of Philadelphia in Common Council assembled.

, May it please your Honour,

, We the Mayor & Commonalty, beg leave to con-
, gratulate you on your happy Return to Your Country, and Ac-
, cession to the Government; Events that fill the Hearts of the
, People of all Ranks & Denominations with unfeigned Joy.

, We cannot but esteem it a peculiar Happiness to have a Gentle-
, man appointed our Governour, who is so perfectly acquainted
, with our publick affairs, and whose real Regard to the welfare of
, this Province, and affection for its Inhabitants are so well known
, to us.

, From the long Acquaintance we have had with Your amiable
, private character and the Benevolence of your Disposition; and
, from our Experience of your Integrity & Ability in the Discharge
, of the several publick Offices You have heretofore sustained
, among us; We assure ourselves that this City and Province
, will be happy under your Administration; and that we shall al-
, ways have the highest Reason to be thankful to our Proprietors
, for an Appointment so favourable to the People.

, Signed by Order of the Board,

Chaˢ Willing, Mayor.

The Board then waited upon the Governour in a Body, and presented the Said Address; to which he was pleased to make the following answer, viz:

, Gentlemen,

, I am extreamly obliged to you for this early mark , of Respect, but more particularly so for the favourable Opinion you , are pleased to entertain of my private character; And altho' on , the one hand, I am conscious to myself how far short I fall , of what your Partiality for a Countryman may have induced you , to ascribe to me; yet, on the other, I am pround to say, that with , Regard to the sincere Affection I have for the Inhabitants of this , City & Province, you have done me no more than Justice.

, As I have lately had the honour to be admitted to some , share of Confidence with your Proprietors, I can, with the greater , Certainty, declare to you their real Regard for the People; and the , great Satisfaction they take in the Welfare & Prosperity of this , Province; and I am pursuaded, I cannot so effectually recommend , myself to their future Favour, as by making Use of the Powers , they have been pleased to intrust me with, for the Benefit and Ad- , vantage of all those under my Government, which I beg you to , assure yourselves it is my hearty Inclination to do.

The Recorder, by Direction of the Board, then invited the Governour to an Entertainment on Monday next, but the Gov^{r} being obliged to go to New Castle, informed them it would be more convenient for him at another Time; whereupon, Thursday, the 29th Instant, was pitcht upon; And Alderman Plumsted and John Wilcocks, were appointed to take Care that suitable Provision be made for the same.

The Treasurer, as requested at the last Common Council, brought in his Account, whereby there appear'd to be a Ballance of £458 19 10^{d} in his Hands; which was referred to the Committee of Accounts for a further Examination.

Pursuant to the Charter granted to this City by the Hon^{ble} William Penn, Esq^{r}, late Proprietor & Governor in Chief of the Province, the Board proceeded to the Choice of a Mayor for the Year ensuing, and Alderman Lawrence was unanimously chosen for that Office.

A Vote having passed at a Common Council, held the 18th September, 1747, for allowing & paying the Mayors of this City for three years to come, the Sum of One Hundred Pounds p annum, out of the Stock of this Corporation, for supporting the Dignity of

that Office and as some Compensation for their Trouble; This Matter was now again taken into Consideration, & it being observed that the Circumstances of the City were much altered since that time, & the Business of the Mayoralty grown more profitable, It was therefore unanimously Agreed by the Board that the said Salary should be discontinued after the Expiration of the Year now commenced, when the said Term of three years expires.

The Treasurer is ordered to pay to Charles Willing, Esq^{r}, the Sum of One Hundred Pounds out of the Stock of this Corporation, for his Salary as Mayor, the preceeding Year.

Mr. Willing then observed to the Board that, it has been customary in Time past for the Mayors of this City, at the Close of the Year to give an Entertainment to the Gentlemen of the Corporation, but that if it was agreeable to the Board, he intended in lieu thereof, to present them with the Sum of One Hundred Pounds, for such Uses as the Money heretofore presented them by James Hamilton, Esq^{r}. [now our Governour] was given; to which Proposal the Board unanimously agreed.

Alderman Turner, Alderman Strettell, William Shippen, Thomas Lawrence, jun^{r}, & George House were appointed to wait on the Governor to know when the Board should attend him with the Mayor Elect, in order to his being qualified.

The Gentlemen sent on a Message to the Governor, returned & acquainted the Board he was ready to receive them, whereupon the Board waited on the Governor at his House, & Alderman Lawrence, the Mayor Elect, then took & Subscribed the Qualifications required by Law, & likewise an Oath for the faithful Discharge of the Office of Mayor of this City, for the Year ensuing.

The Mayor acquainted the Board that he had called them together at this Time, on occasion of the great Complaint that had been made to him of the Want of a sufficient & regular Watch being kept up in this City; and proposed that the Constables, whom he had ordered to attend, should be called in and examined one by one, in Relation to the Manner of keeping the Watch at present, and how many & what Sort of People commonly attended that Service. And it appearing to the Board from what the Constables say, that the Watches have of late been frequently so very weak and insufficient, as to be of no manner of Use or Security to City, and that this is occasioned chiefly by some of the Housekeepers who refuse to pay Watch Money, pretending they will attend the Watch duiy when they are warned, but frequeutly neglect to do it.

The Board having taken this Matter into Consideration, were unanimously of Opinion, that the only effectual Way to remedy this Evil, would be, the obtaining an Act of Assembly, for raising Money by Tax for supporting a regular and stated Watch, as is done in London and other great Towns in England. But as an Application to the Legislature would require Time, & it being requisite that some Method should be immediately taken that may prevent, in some Degree at least, the Neglect now complained of; It was proposed that the Mayor should be Desired to give Directions to the several Constables, that each in his Turn, the Morning following his Watch-Night, do return in Writing to the Mayor, the Names of the persons, by him warned, & likewise of such of them as appeared on the Watch, in Order that such Measures may be taken with the Delinquents as may be thought proper & necessary to oblige them to the performance of their Duty. Whereupon the Constables were again called in, and Directions given them by the Mayor accordingly.

The Board having, at a Common Council held the 14th Day of July, 1748, upon the Petition of Edmond Woolley, appointed certain Persons to examine the Lines & Boundaries dividing the Grounds of the said Edmond & one Caspar Ulrich; the Report of the Persons so appointed was read, being in the following Words, Viz.

, We, the Subscribers, do hereby certifie, that in Pursuance of
, the Above appointment, we have carefully examined the Lines &
, Boundaries dviding the Grounds of the above named Edmund
, Wooley & Caspar Ulrich, and do find that the said Edmund
, Woolley hath not more than his Quantity of Ground, according
, to his Deeds; and We are of Opinion that the Lines, as formerly
, marked out by William Parsons & his Assistants, for the Bounda-

, ries between the s[d] Edmund Wooley & Caspar Ulrich, are hon-
, estly and regularly fixed.

, Witness our Hands the first Day of September, 1748.

It being enquired what could be done further towards settling the Difference between the said Parties; the Board upon inspecting the Acts of Assembly concerning the Regulations of Partition Fences, Party-Walls, &[c], are of Opinion, that this Board has no Power, by the said Acts, to do any thing further therein; but that if the said Edmond Wooley should be opposed in putting up his Fence according to this Regulation, he may have an Action of Trespass against the Person so opposing him, which is his only and the proper Remedy.

The Recorder observed to the Board, that it is now a long Time since the Accounts of this Corporation have been fully stated & settled; Whereupon it is Order'd that the Committee of Accounts last appointed, have Notice given them that this Board desires they will proceed to settle the said Accounts as soon as conveniently they can, and that they will have their Report ready to lay before this Board, by the Second Monday in January next, in Case they should not have leisure to do it sooner. Tho[s] Lawrence, jun[r] is added to the said Committee in the Room of Joshua Maddox, who desired to be excused on Account of his being frequently indisposed.

The said Committee then prayed the Board to take into Consideration the List of Fines imposed in the Mayor's Court to October Term last, many of which Fines they apprehend the Sheriff is yet chargeable with, as not having been remitted by this Corporation. And it appearing to the Board that several of the Fines contained in the said List, were due from persons convicted of Felony, whom the Magistrates had thought fit to send away out of the Country, as opportunity offer'd, rather than to detain them in Prison at the Expense of the County on Account of the said Fines, which there was no Probability of their ever being able to pay, the Clerk was ordered to strike out the names of all such as they were called over; And several Fines for other Offences due from Persons whose Poverty, and Incapacity of paying the Same, were known to the Board were also remitted, viz:

& Deborah Harrison, . . April, 1749			1	—

The Petition of Daniel Johns, Rebecca Johns & Stephen Phillips (convicted in October Term 1748, of coining & uttering false & counterfeit pieces of Eight) was read, Setting forth, That this was the first & only Offence against the Laws they were ever guilty of; & that it was owing to their extreme Ignorance of the nature & mischievous Consequences of this Crime. That they are very poor & have not wherewith to pay the heavy Fines imposed on them, & therefore humbly praying this Board to remit the same. And the Question being put, whether the said Fines should be remitted, it was carried in the Affirmative by a Majority of Votes.

The Petition of Elizabeth Bushel (convicted in October 1748, of having a Bastard Child by William Hamilton) praying to have her Fine remitted, as being utterly unable to pay the Same; granted.

After Setting off the several Sums remitted by the Board as above said, there still remains on the s^{d} List of Fines the following Sums, which the Board expects the Sheriff will collect and pay to the Treasurer, of which the Committee of Accounts are desired to take Notice, viz:

Robert Haislet, fined at October Sessions, 1747 . .	£	5	—	—
Franica Reynhart, . . April, 1748			10	—

The Petition of Casper Hydrick was read, Setting forth that he was convicted at the last Mayor's Court for a Nusance, & fined in the Sum of three Pounds; that he committed the said Offence thro' Inadverteney, & is in very poor Circumstances, and therefore praying that his said Fine may be remitted: But it being represented to the Board, that he is an Old Offender, & had been frequently warned to remove the said Nusance without effect; his said Petition is rejected.

The Petition of John Summers was read, Setting forth that he was convicted at the last Mayors Court, of Selling Liquor without Licence, & fined for the said offence in the Sum of five Pounds; that he is but newly come into the Countrey, and did not know that his Selling Liquor as aforesaid, was contrary to Law, and that as he is poor & has a charge of children, humbly prays this Board will remit his said Fine, or at least some part thereof. The Board having taken the Premises into Consideration do remit forty Shillings of the said Fine.

The Petition of Barbara Morgan was read, Setting forth that she was convicted at the last Mayors Court of Felony, and has received the Corporal Punishment adjudged her; that she is much

advanced in Years, & is so very poor that she is not able to pay even the Costs of Prosecution: The Board therefore have thought fit to remit the Fine due from the said Barbara Morgan to this Corporation.

The Mayor represented to the Board that notwithstanding the Steps he had taken, in Pursuance of the Request of this Board, at their last Meeting, in order to bring the Nightly Watch of this City under some better Regulation, the Matter since that Time was grown rather worse than better, and that the Grand Jury of this City had again presented the Weakness & Insufficiency of the Watch at the last City Sessions: That they had likewise taken Notice, in their Presentment, of some other Matters, which he would recommend to the Consideration of this Board, namely, The extreme Dirtyness of the Streets, not only for want of Pavement in some places, but through the disorderly Practice of throwing out all manner of Dirt and Filth, without any Care taken to remove the same, whereby the Streets that have been regulated at a publick Expence are render'd exceeding deep & miry in wet weather; The Board being of Opinion, now as formerly, (with Regard to the first mentioned Affair) that there can be no effectual Means found for keeping up & maintaining a full & regular Watch without the Aid of a Law for that purpose; and that as the Assembly of this Province is now Sitting, it was necessary to make a new Application to them in Order to obtain such a Law. In Pursuance of this Resolution, the Mayor, Alderman Shippen, William Logan, Benjamin Franklin, Samuel Rhoads and William Coleman, were appointed a Committee to draw up a Petition to the Assembly, recounting the former Application from this Board in the Year 1743, & the continued Disorders & Inconveniences arising from the Want of Means for maintaining a strong & regular Watch in this City, which had been the Subject of a late Presentment of the Grand Jury;

And requesting them earnestly to resume the Consideration of this Affair & make such effectual Provision therein, as to them should seem meet. The same Committee were likewise desir'd to consider of what has been observed relating to the bad Condition of the Streets, and by what Means the People may be induced or obliged to pave and keep them clean for the Future.

The Recorder then acquainted the Board that certain Persons had lately taken upon them to act Plays in this City, and as he was informed, intended to make a frequent Practice thereof; which, it was to be feared, would be attended with very mischievous Effects, such as the encouraging of Idleness & drawing great Sums of Money from weak and inconsiderate People, who are apt to be fond of such kinds of Entertainments tho' the Performance be ever so mean and contemptible. Whereupon the Board unanimously requested the Magistrates to take the most effectual Measures for suppressing this Disorder, by sending for the Actors & binding them to their good Behaviour, or by such other Means as they should judge most proper.

The Recorder acquainted the Board that there is a Design on Foot for the Erecting a Publick Academy and Charity School in this City, for instructing Youth in the several Branches of useful Learning, And that divers of the Inhabitants have subscribed liberally towards it; But as this Undertaking is attended with a great Expence in the Beginning, some further Assistance is necessary to carry it into Execution in the best Manner. And as this Corporation have a considerable Sum of Money in the Hands of their Treasurer, and have likewise an Income of about Three Hundred pounds p. annum, besides Fines and Forfeitures, the Recorder proposed that it might be consider'd, Whether this Design for the Advancement of Learning, be not worthy of some Encouaragement from this Board, as their Circumstances may very well afford it.

The Board having taken this Affair into Consideration, and it appearing to be a Matter of Consequence, and but a small Number

of the Members now present, it was thought proper to referr the further Consideration thereof to the next Common Council: It is therefore Ordered, That the Members of this Board have notice to meet Tomorrow at four a Clock in the Afternoon, to consider of a Proposal of contributing a Sum of Money for the Encouragement of the Academy & Charity School now erecting in this City.

It being observ'd to the Board, that Nicholas Scull has been long indebted to this Corporation in a considerable Sum of Money, & has been often called upon by the Treasurer to pay the same, which he has hitherto neglected to do: It is therefore Order'd, That the Treasurer do acquaint him it is expected by this Board that he either discharge the s^{d} Debt within Eight Days next ensuing, or give his Bond with Security for the Payment thereof, with Interest, to the Mayor & Commonalty of this City.

It appearing by the Report of the Committee of Accounts delivered in some time ago, that there is a debt Due to this Corporation from the Estate of Thomas Griffitts, Esq^{re}, deceased, and the Treasurer informing the Board that his Executor, Isaac Griffitts, hath hitherto refused or neglected to pay the same; It is Order'd that the said Isaac Griffitts be served with Notice, that it is expected by this Board that he do immediately discharge the said Debt, or otherwise that he attend the Board To-morrow at four a Clock in the Afternoon, to show Cause, if any he hath, for his Refusal.

The Sheriff of the City of Philadelphia having had notice in January last, that this Board required him to collect and pay to the Treasurer, the several Fines contain'd in a List deliver'd him by the Clerk, being such as this Board, after Consideration had thereon, thought not proper to remit; It is order'd, That the Treasurer call

upon him for the said Moneys, and in Case he do not pay the same, that he be desired to attend this Board To-morrow at four a Clock in the Afternoon, to show Reasons for his Non-compliance.

The Board resumed the Consideration of the Proposal made at the last Common Council, of contributing a Sum of Money for the Encouragement of the Academy & Charity School now erecting in this City; And a Paper containing an Account of what is already done by the Trustees of the Academy, and what Advantages are expected from that Undertaking being laid before the Board, was read, and follows in these Words:

, The Trustees of the Academy have already laid out near , £800, in the Purchase of the Building, and will probably expend , near as much more in fitting up Rooms for the Schools, & furnish- , ing them with proper Books, & Instruments for the Instruction of , Youth.

, The greatest Part of the Money paid & to be paid is sub- , scribed by the Trustees themselves, and advanced by them ; Many , of whom have no children of their own to educate, but act from a , View to the Publick Good, without Regard, to sect or party. And , they have engaged to open a Charity School within two Years for , the Instruction of Poor Children gratis, in Reading, Writing and , Arithmetick, and the first Principles of Virtue and Piety.

The Benefits expected from this Institution, are :

, 1. That the Youth of Pensilvania may have an Opportunity of , receiving a good Education at home, and be under no necessity of , going abroad for it ; Whereby not only considerable Expense may , be saved to the Country, but a stricter Eye may be had over their , morals by their Friends and Relations.

, 2. That a Number of our Natives will hereby be qualified to , bear Magistracies, and execute other public offices of Trust, with , Reputation to themselves & Country ; there being at present great , Want of Persons so qualified in the several Counties of this Pro- , vince. And this is the more necessary now to be provided for by , the English here, as vast Numbers of Foreigners are yearly im- , ported among us, totally ignorant of our Laws, Customs and Lan- , guage.

, 3. That a Number of the poorer Sort will hereby be qualified , to act as Schoolmasters in the Country, to teach Children Read-

, ing, Writing, Arithmetic, and the Grammar of their Mother , Tongue; and being of good morals and known character, may be , recommended from the Academy to Country Schools for that pur- , pose; The Country suffering at present very much for want of , good Schoolmasters, and obligd frequently to employ in their , Schools, vicious imported Servants, or concealed Papists, who by , their bad Examples and Instructions often deprave the Morals or , corrupt the Principles of the Children under their Care.

, 4. It is thought that a good Academy erected in Philadelphia, , a healthy place where Provisions are plenty, situated in the Center , of the Colonies, may draw Numbers of Students from the neigh- , bouring Provinces, who must spend considerable Sums yearly , among us, in Payment for their Lodging, Diet, Apparel, &c., which , will be an Advantage to our Traders, Artisans and Owners of , Houses and Lands. This Advantage is so considerable, that it , has been frequently observed in Europe, that the fixing a good , School or College in a little inland Village, has been the means of , making it a great Town in a few Years; and therefore the magis- , trates of many Places, have offer'd and given great yearly salaries, , to draw learned Instructors from other Countries to their respective , Towns, meerly with a View to the Interest of the Inhabitants.

, Numbers of people have already generously subscribed con- , siderable sums to carry on this Undertaking; but others, well dis- , posed, are somewhat discouraged from contributing, by an Appre- , hension, lest when the first Subscriptions are expended, the Design , should drop.

, The great Expence of such a Work is in the Beginning. If the , Academy be once well-open'd, good Masters provided, and good , Orders established, there is Reason to believe (from many former

, Examples in other Countries) that it will be able after a few years , to support itself.

, Some Assistance from the Corporation is immediately wanted , and hoped for; and it is thought that if this Board, which is a per- , petual Body, take the Academy under their Patronage, and afford , it some Encouragement, it will greatly strengthen the Hands of all , concerned, and be a means of Establishing this good Work, & , continuing the good Effects of it down to our late Posterity.

The Board having weighed the great Usefulness of this Design, after several Propositions heard & debated, agreed That a Sum of Money be given by this Board & paid down, towards compleating the Building which the Trustees have purchased, and are now fitting up for the Purpose; and likewise, that a Sum or Sums be given yearly by this Board, for five Years to come, towards the support & Maintainance of the Schools under the Direction of the said Trustees. Whereupon the following Questions were put and carried in the Affirmative.

1. Whether this Board will give the Sum of Two Hundred Pounds, to be paid immediately to the Trustees of the Academy, towards compleating the Building purchased by the said Trustees for an Academy & Charity School in this City? Which was carried in the Affirmative by a great Majority.

2. Whether this Board will give Fifty pounds p annum for five years next ensuing, to The Trustees of the Academy, towards supporting a Charity School for the Teaching of poor children Reading, Writing and Arithmetick?

Which was unanimously agreed to.

3. Whether this Board will give Fifty Pounds p annum for the five years next ensuing, to the Trustees of the Academy, for the

Benefit thereof, with Condition that this Board shall have a Right of nominating and sending one Scholar Yearly from the Charity School, to be instructed gratis in the Academy, in any or all of the Branches of Learning there taught? Which was carried in the Affirmative by a great Majority.

Isaac Griffitts now attended the Board pursuant to Notice sent him, and respecting the Demand made upon him by this Corporation, saith, That as to the Sum of £60 1 —, said to be remaining in his Father's Hands at the Time of his Decease, he cannot gainsay but that it may be due, and he now promises to pay it: but as to what is charged on Account of Money subscribed towards purchasing Fire Engine, Buckets, &c., which it is alledged his Father received, he questions whether the Account thereof be justly stated, and although it were, he conceives this Board hath no Right to demand it of him. It is therefore Order'd That the Treasurer do receive of him the said Sum of Sixty Pounds one shilling; And this Board will have his Objections to the Payment of the said Subscription Money under Advisement.

The Treasurer reports that he had deliver'd Nicholas Scull the Message from this Board, as order'd at the last Common Council; whose Answer is, That he cannot at present pay the money due from him, nor get any Person to be bound with him for the Payment thereof, but that he is willing to give his own Bond for it; which, therefore, the Treasurer is directed to take, payable with Interest, to the Mayor & Commonalty at Six Months.

Upon the Petition of James Davis of this City, Carpenter, setting forth That he is fined Twenty Shilling for his chimneys Firing; that his House is on the Outside of the Town, at a Distance from other Buildings, where he could not get a Chimney Sweeper to

come; that he is in low Circumstances and hath a Charge of Children, and therefore praying his said Fine may be remitted: The Board, in Consideration of the Premises, do remit the same.

William Allen, Esq^r, being assigned Chief Justice of this Province by Commission from the Governor, and that Office being incompatible in the same Person with that of Recorder of this City, he therefore resigned his said Office of Recorder, and desired the Board to consider of some suitable Person to supply his Place.

Several of the members present, then declared their Sense of the said Gentleman's long & faithful Services, as deserving the Acknowledgment & Thanks of this Board, which was unanimously agreed to; Whereupon the Mayor, in Behalf of the Board, did return him their Thanks for his good & faithful Services as Recorder of this City.

The Board then proceeded to the choice of another Person for the said Office of Recorder, and Tench Francis, Esq., was chosen by a majority of Votes, & thereupon took & subscribed the Qualifications required by Law, and likewise took the Oaths for the true & faithful Execution of the said Office.

This being the Day appointed by Charter for choosing the Mayor for the Year ensuing, William Plumsted, Esq^r., was elected to that Office by a Majority of Votes.

Alderman Shippen, Alderman Turner, Septimus Robinson & John Ingles were appointed to wait on the Governor to acquaint him with the choice made by this Board, and to desire to know when it shall please the Governor that this Board attend him with the Mayor Elect, in order to his being qualified.

The Gentlemen appointed to wait on the Governor returned, and acquainted the Board that he is ready to receive them. The Board then attended the Governor at his House, and Alderman Plumsted, the Mayor Elect, took and subscribed the Qualifications

required by Law, and also took the Oath for his faithful Discharge of the Office of Mayor for the Year ensuing.

Alderman Lawrence acquainted the Board that the Sum of One Hundred Pounds is due to him from this Corporation, being his Salary as Mayor of this City for the last Year, pursuant to a Vote of this Board of the 18th of September, 1747, whereby it was resolved that such Salary should be paid to the Mayor of this City for the three Years then next ensuing; And that, as some late Mayors, in lieu of an Entertainment, had given a Sum of Money for some publick Use, he was inclined to follow the Example, and proposed to give the Sum of One Hundred Pounds for the Use of the Academy in this City; which Proposal was approved of by a great Majority; And at Alderman Lawrence's Request, the Treasurer of this Corporation is order'd to pay the said Sum to William

Coleman in Behalf of the Trustees of the said Academy, for the Use aforesaid.

The Petition of Margaret Read, setting forth That she was fined Five pounds at the last Mayors Court, for keeping a publick House without Licence; That she is old and poor, and therefore praying the said Fine may be remitted,——Rejected.

The Petition of Mary Green was read, setting forth That she was fined Five Pounds at the Mayors Court in October last, for keeping a publick House without Licence, That she is left a Widow in poor Circumstances, and has been much afflicted with Sickness, &c, therefore praying the said Fine may be remitted.

The Board having Reason to believe that the said Mary Green has not quitted that Way of Life, whereby she incurred the said Fine, her Petition is rejected.

The Petition of John Needham, junr, was read, setting forth That he was fined at the last Mayors Court, for neglecting to attend the said Court, tho' summoned to appear to give Evidence, &c. That his said Neglect proceeded from his Ignorance of the Rules & Practices of Courts, & an Accident which occasioned him to delay his Attendance longer than he ought to have done, and not from any Disregard or Contempt, &c, therefore praying his said Fine may be remitted.

The Board having taken the Promises into Consideration, do remit one half of the said Fine.

Samuel Hasell, Esqr, the late Treasurer of this Corporation, being deceas'd, the Board now proceeded to make Choice of another in his Room, and Benjamin Shoemaker, Esqr, was unanimously elected.

Ordered, That a proper Instrument be drawn by the Clerk for impowering the said Treasurer to recover and receive the Monies of this Corporation.

Hugh Roberts and Jacob Lewis, the Persons chosen on the 8th Instant, by this Board, and James Coultas, to Value the Additional Buildings at the Ferry over Schuylkil, now make their Report in Writing, to this Effect, „ That they had viewed the said Buildings ; „ and value the additional Buildings made to the dwelling House,

„ by the said Coultas, at £680 14 3d, and the Barn, Storehouse, „ Sheds, Leantos and other Wooden Buildings, at £ 65; the „ Whole amounting to Seven Hundred forty five Pounds fourteen „ Shillings and three pence." In which Estimate, Alderman Shippen and Samuel Rhoads, who were likewise desired to view the same, concurred.

And, upon comparing the said Report with the Minutes of the 21 August 1744, it appearing That the said Coultas had built more, and laid out a much larger Sum than what he had proposed to this Board, and obtain'd their Consent for doing; The Question was put

Whether any Allowance shall be made to the said James Coultas for his extraordinary Expence in the said Additional Buildings and Improvements?

Which was carried in the Affirmative by a great Majority.

But some Debate arising concerning the Sum that ought to be allowed him, the further Consideration thereof is referr'd to the next Common Council.

The Mayor, Alderman Shoemaker, John Wilcocks and Dr. Thomas Bond, are desired, in the mean Time, to confer with the said Coultas concerning his Account, and a future Lease of the Ferry.

The Board resumed the Consideration of the Affair depending with James Coultas: And it being allegd'd by some Members that were present when the Agreement was made with him, That, besides the Sum of Three Hundred Pounds, which this Board Consented to lay out in making an Addition to the Buildings, the Term of his Lease was enlarged from four Years (which was first design'd) to Seven Years, towards compensating any extraordinary Expence that might happen therein. Whereupon the Question was put,

Whether the Sum of Six Hundred & eighty Pounds fourteen Shillings & three pence shall be allow'd James Coultas for the Additional Buildings made by him to the Dwelling House at the Ferry; deducting for the three Years added to his Lease, the Sum of One Hundred & twenty three Pounds, which this Board conceives ought

to go towards the Expence of such Building? Which was carried in the Affirmative.

The Board then directed that an Advertisement be immediately publish'd, signifying That said Coultas's Lease of the Ferry was near expiring, and that any Persons who inclin'd to take a lease of the same, were desired to send in their Proposals to the Mayor, in Writing, sealed, on or before the Tenth Day of August next.

Whereas, the Magistrates and Assessors of this City, sometime before the month of November, in the Year of Our Lord One Thousand seven Hundred & forty-six, supposing a Lot of Ground in the City, opposite to the blue Anchor, and near the Draw-Bridge, was the Right of the Inhabitants of the City in general, did expend

„mitt and Edward Shippen, Esq^r, And the £57 2 11 due from
„the Corporation for the Improvement of their City Lot, bounded
„by the blue Anchor, amounting in all to £81 12 5, be appropri-
„ated as originally intended, to the entire compleating of the Draw-
„bridge and the Improvements contiguous thereto, to the South-

, the three Lower Counties of New-Castle, Kent and Sussex,

, The humble Address of the Mayor & Commonalty of
, the City of Philadelphia.

, May it please your Honour,

, We, the Mayor and Commonalty of the , City of Philadelphia, do most humbly congratulate you on your , Appointment to the Government of Pensylvania, and your safe , Arrival in the Province.

, Nothing could compensate for the great Loss we have sus- , tained by the Resignation of our late Governour, whose mild and , equal Administration in every Instance tended to promote the true , Interest of the People, and preserve inviolate their Rights, both , Civil and Religious, but the reasonable Hopes we entertain that , your Honour will pursue the same generous & benevolent Mea- , sures.

, This small, but just and sincere Tribute, paid to Virtue, , must be agreeable to all, who with honest Hearts wish the Pros- , perity of this Province; But to none, we are perswaded, can it be , more grateful, than to you his worthy Successor, who have already , remarkably distinguished yourself by your great Abilities and , your inviolable Regard to Justice in the honourable Post you late- , ly filled in a neighbouring Government.

, We are truly sensible of the many invaluable Blessings , we enjoy under the auspicious Reign of the best of Kings, towards , whom our Hearts have been ever filled with the sincerest Loyalty: , And we have always retained a most grateful Sense of the ample , immunities and Priveledges granted to us by Charter, by our late , honourable Proprietor; and have upon every Occasion demon- , strated our affectionate and dutiful Regard to his worthy Descen-

, dants and their Governours. We therefore hope that we shall, , during your Government, be favour'd with your Countenance and , Protection in all our just Rights. Our sincerest Wishes are that , your Administration may be both easy and agreeable to yourself , and Advantageous to the Province.

Signed by Order of the Board,

Cha[s] Willing, Mayor.

The Board then waited upon the Governor in a Body, and presented the said Address, to which he was pleased make the following answer:

, Gentlemen,

, I heartily thank you for your kind Congratu- , lations on my Appointment and Arrival to this Government.

, None that are acquainted with Mr. Hamilton's Administra- , tion, but must approve of it in all its Parts ; and I am glad you have , given me this opportunity of declaring, that I think him intitled to , the most grateful Returns from the People of this Country ; and , his Conduct worthy of Imitation, not only by me, but any other , that shall have the Honour to Succeed him.

, The Sentiments you express concerning my Conduct in the , Station I had the Honour to fill in a neighbouring Province, give , me the greatest Satisfaction, as they come from Gentlemen - - , - - - - - - - - - - - - - - - - - - who are , themselves distinguished for an equal Distribution of Justice to the , People over whom they preside.

, I heartily join with you, in the just sense you have of the , Blessings you enjoy under his present Majesty, whose paternal

, Care extends to all his Subjects, however remote from his Sacred , person.

, The proprietary Family have at all Times shown an af- , fectionate Regard to the People of this City and Province; and I , have it in charge to make you the Proprietor's Assurances, that , they have nothing more at Heart than their welfare and Prosperity: , Nor can I do the Proprietors more acceptable Service than to con- , sult and promote the true Interest and Advancement of this City , upon all Occasions.

, And as I sincerely intend to make the Laws and Constitu- , tion, the Rule and Measure of my Conduct, I am not without Hopes , that my Administration will, agreeable to your good Wishes, be , attended with Ease to myself, and Advantage to the Publick.

The Board, in pursuance of their Charter, proceeded to the Choice of a Mayor for the Year ensuing, and Alderman Shute was elected by a Majority of Votes.

Upon a Resolve of the Board to chuse two new Aldermen, Alexander Stedman and Samuel Mifflin were elected Aldermen of this City by a Majority of Votes.

It being proposed that this Board should give some publick Testimony of their Regard and Esteem for Colonel John Armstrong, and the other Officers concerned in the late Expedition against the Indians at Kittanning, and the Courage and Conduct shown by them on that Occasion; and also contribute to the Relief of the Widows and Children of those who lost their Lives in that Expedition.

Resolved, That this Board will give the sum of One Hundred & fifty pounds out of their Stock in the Treasurer's Hands, to be laid out in Pieces of Plate, Swords, or other Things suitable for Presents to the said Officers, and towards the Relief of the said Widows and Children; And that the present Mayor, the Mayor Elect, the Recorder, Alderman Shippen, Colonel Duche, and Thomas Willing, be a Committee to determine the Species and Value of the said Presents, and appropriate the same respectively; and with the Remainder of the Money to relieve the said Widows and Orphans, as far as it will extend. The Mayor is also desired to write a Letter to Colonel Armstrong, to be sent with the said Presents.

The members of the Board then attended the Mayor Elect to his House, where he took and subscribed the Qualifications required by Law, and also the Oath for the faithful Discharge of the Office of Mayor of this City, before Richard Peters, Esquire, by virtue of a Dedimus protestatem to him directed by the Honourable the Governor for that purpose.

The Mayor acquainted the Board, that Application had been made to him to provide Winter Quarters in this City for Fifty officers and Five Hundred Soldiers, belonging to His Majesty's Royal American Regiment, who were now expected in Town; And that, although an Act of Assembly had been passed (as he was informed) within these few Days, directing the Billetting of Soldiers on the publick Houses in the manner used in England, Yet he apprehended those Houses would not be sufficient to entertain so great a number; nor that the Officers, particularly, would be satisfied with such Lodging and Entertainment as they could afford, and therefore desired the Advice of the Board, how to prevent, or guard against the Inconveniences that might happen, in Case any Disputes or Uneasiness should arise on this Occasion.

Upon Considering the matter, the general sense of the Board was, that the method of Quartering prescribed by the Act of Assembly

should be strictly pursued; and if, notwithstanding, any of the Inhabitants should be subjected to Inconveniences by Officers or Soldiers intruding upon them illegally, the Sufferers ought to Apply to the Assembly, where only a Remedy could be provided.

The Board in Consideration of the Premisses do remit the s^{d} Fine.

The Petition of James White, praying the Remission of a Fine of Twenty Pounds imposed on him at the last Mayor's Court, upon Con-

viction of an Assault and Battery, committed by him on Thomas Lawrence, Upholster, was rejected.

The Board taking Consideration what Allowance the Treasurer should have for his Trouble in putting out the Money presented to this Corporation, as mentioned in the Report, and receiving the Interest, And being inform'd that Samuel Hasell, Esq^{r}, the late Treasurer had no Commissions for transacting that Business, declined making any Allowance to the present Treasurer for the same.

Some Objection being also made to the Charges of five p Cent, for receiving, and five p Cent for paying the other Moneys belonging to this Corporation, as supposing it too great a Reward for those Services; A proposal was made to reduce the Commissions for the Time to come, Which, upon the Question, was carried in the Affirmative. But some Debate arising thereon, the further Consideration thereof was referr'd to the next Common Council.

The Recorder produced the Draught of an Address to Lord Loudon, drawn pursuant to the Request of this Board, at a late Meeting; which was read and ordered to be ingross'd, being in the following words, viz:

„ To the Right Honorable John, Earl of Loudon, Captain Ge-

The Mayor acquainted the Board that as Benjamin Loxley's Term in the Landing Places and publick Wharffs, formerly let to him, was near expiring, he some Weeks ago had caused an Advertizement to be publish'd to the following Effect, to wit: "Notice "is hereby given that the Public Ground on the South Side of the "Dock, between Front Street and Second Street; the public Wharf "on the North Side of the Said Dock; the Ends of the Dock streets "on the River, and the Landing place between Hamiltons stores "and the Draw-Bridge, were to be lett. The Person who takes "the same, to have the Benefit of the Wharfage and Cording of "Wood thereon, under the Regulations made by the Mayor & "Commonalty; and requesting that any Persons inclined to take "the same would send in their proposals to him on or before the "25th Instant: And that in pursuance of the said Advertizement, several persons had sent in proposals in Writing. The Mayor then produced the said Proposals, and, by Order of the Board, the same were read. But some members of the Board being of Opin-

ion that if certain Repairs and Improvements which had been proposed were first made, the said Landing-places might be rendered more convenient to the Publick, and probably yield a higher Rent than was off'd at present; It was therefore Resolved, That the Mayor & Recorder, with Alderman Stamper, Samuel Rhoads & Jacob Duche, be a Committee to view the premisses, and Report to the Board at their next Meeting what Repairs or Improvements they may think necessary, with the best Computation they can make of the Charge thereof; And that in the mean Time, the proposals sent in by the several Persons inclined to take the same lie under Consideration.

It being represented that by the Treasurers Accounts, lately settled, it appear'd that a considerable Sum lay in his Hands, arising by the Rents and profits accruing to this Corporation, besides the money presented towards erecting a public Edifice, which the Board had directed should be put out at Interest; and there being now a Security offer'd for a greater Sum than remained of the latter, it was proposed That if the Board had no immediate Use for it, a part of the said Money arising by the Rents, &c., should also be lett out. But there being but a thin Board at present, it was referr'd to further Consideration at the next Common Council.

The Recorder reported That the Committee appointed at the last Common Council had, agreeable to the Order of the Board, view'd the Landing-place at the Corporation Lot, between Hamilton's Stores and the Draw-Bridge, and consider'd what Repairs or Improvements were proper to be made, and deliver'd the Opinion of the said Committee as follows:

, That a Peer or Wharff of fifty Feet wide to extend Eighty or , one Hundred Feet Eastward, be built near the middle of the said , Landing-place; and that a Slip or Cart Way of Forty five Feet , wide be made between Hamilton's Wharff and the said Peer.

And the Question being put, Whether the said Improvements shall be made agreeable to this Report, it was carried in the Affirmative.

The Board then taking into Consideration from what Fund the Expence of the said Improvements should be taken; And as the aforesaid Lot or Landing-place is esteem'd to be the property of this Corporation, it was resolved, upon the Question that the Expence of the said Work shall be paid by their Treasurer out of their private Stock; and that the Rents and Profits arising from the said Lot and Improvement be subject only to the Order and Disposition of this Board.

The Mayor, Alderman Stamper, Jacob Duche & Samuel Rhoads were appointed to oversee and get the said Improvements made on the best Terms they can, with power to draw on the Treasurer from Time to Time for money to defray the Expence thereof.

The Magistrates and Assessors of this City having at one of their late Meetings agreed to a Repair of the Draw-Bridge, and in pursuance thereof Workmen by their Order have been employ'd, and the Work nearly compleated; And it being represented that there is not a sufficient Sum in the City Treasurers Hands to defray the Expence thereof; The Question was put Whether this Board will consent that the said Expence be defray'd out of the Surplus of the Wharfage Money now in the Hands of Benjamin Shoemaker, Esq^{r}? It was carried in the Affirmative, and that an order be drawn by the Magistrates for the Payment thereof.

Agreed that the publick Ground on the South Side of the Dock, with the other Articles mentioned in the Advertizement lately publish'd by the Mayor, Except the Landing-place above mentioned, be immediately lett by the Committee above named, in Concurrence with the Assessors.

Great Complaint having been made to this Board that Benjamin Loxley, under Color of hiring the publick Ground, on the South

Side of the Dock, had taken upon him to erect some Buildings thereon contrary to the Intent of this Board; It is therefore recommended to the above named Committee to see that the said Buildings are taken down and removed.

The Petition of Evan Evans was read, setting forth the necessity there is for repairing and enlarging the Sheds on the West side of Schuylkill, belonging to the Ferry, which he holds by Lease from this Board, for the better Accommodation of the Country People who come down with Teams & Waggons loaded with Hemp, Flour, Wheat, and other Grain that requires Shelter in rainy Weather, and praying the Board to give Order therein as speedily as possible.

The Board having consider'd the premises, did Order that Alderman Samuel Mifflin, Samuel Rhoads, and Samuel Morris, be a Committee to cause Sheds or other Conveniences to be erected, and such of the old ones to be repair'd, as they and the said Ferry-man shall think necessary, provided they do not expend thereon more than the Sum of Sixty Pounds.

The Magistrates and Assessors of this City having agreed at their late Meeting to cause an Arch to be built across Third Street between the Alms House Lot and the ground late of Richard Brockden, deceased, and to extend twelve Feet into the Alms House Ground; also to regulate Spruce Street over against the Alms House, so as to draw off the Water; provided this Board would consent that the expence thereof should be defrayed out of the Surplus of the Wharfage Money. Which being now proposed to the Board, it was agreed to by a great Majority.

The Board, according to the Directions of their Charter, proceeded to the Choice of a Mayor for the Year ensuing; and Attwood Shute, Esqr, the present Mayor, was unanimously re-elected.

The Board having agreed to Choose three new Aldermen, the following Gentlemen, to wit, John Wilcocks, Jacob Duche & William Coxe, were elected Aldermen of this City, by a Majority of Votes.

Upon the Question, whether this Board will add to the Number of Common Council Men? it was carried in the affirmative: It was also resolved that the number to be added should be Eight. Whereupon, Henry Harrison, Daniel Benezet, Charles Stedman, William Rush, John Swift, Townsend White, William Vanderspiegel & Joseph Wood, were chosen Common Council Men, by a Majority of Votes.

The Board then deputed four of their Members, to wit, two Aldermen & two Common Council Men, to the Governor, to Acquaint him, that in pursuance of their Charter, the Board had this day elected a Mayor for the Year ensuing, and desires his Honour to appoint a Time for the Boards Attendance, in Order to his being qualified. Which Gentlemen, upon their Return, informed the Board that the Governor was ready to receive them. Whereupon the Board attended the Mayor Elect to the Governor's House, where he took and subscribed the Qualifications required by Law, and also the Oath for the faithful Discharge of his Office.

It being represented by the Mayor, that divers Inhabitants of this City had spoke to him concerning the Field or Burying Ground commonly called Potter's Field, now in the Tenure of Jacob Shoemaker, intimating, That as a Part of it afforded good Pasturage, and for that as well as other Reasons, was valuable to the Possessor, it might probably yield an annual Rent; Ordered,

that the Mayor, Alderman Stedman, Alderman Coxe, Edward Shippen, junr, and Joseph Morris, be a Committee to examine into the Right of this Corporation to said Field; and likewise to treat with Jacob Shoemaker respecting the Rent he will be willing to give for the Time to come. And as he has had it many Years in possession without paying any Rent, or Acknowledg-

ment, the said Committee are also desired to press him to make reasonable Compensation for the Time past.

Ordered, That Edward Shippen, jun^{r} & Joseph Morris, apply to Tench Francis, late Recorder, for the City Charter, and all such Deeds, Ordinances, or other Writings, that he may have, belonging to this Corporation, and deliver them to the present Recorder. They are also desired to use their Endeavours to collect any Ordinances of this Board which they may hear of in the Hands of other Persons.

The Board being inform'd that the Term granted to Thomas Bourne in the publick Wharffs, is either expired, or very near it; It is Ordered, That an Advertisement be publish'd in the next Gazette, requesting that any Person who may be desirous of taking the said Wharffs, and executing the Office of Wood Corder thereon, would send in his Proposals to the Mayor within Fourteen Days from the date hereof.

It being represented to the Board that some of the King's Forces lately come to this City and now lodged in the Barracks, are in great Distress, for want of Bedding and other Necessaries, and that the provincial Commissioners appointed for disposing of the Publick Money, had refused to supply them; It was order'd that Alderman Stedman, Alderman Coxe and Thomas Willing be a Committee to inquire into the condition of the said Forces, and whether, if this Board were to contribute a small Sum of Money towards their Relief, it would be of use & acceptable to them.

The Committee appointed at the last Common Council to examine into the Right of this Corporation to the Potters Field and to treat with Jacob Shoemaker concerning it, made their Report in Writing, in the Words following, viz:

, We, the Committee, appointed by the Corporation (agreeable to , the within Minute) do Report That we have conferr'd with Jacob , Shoemaker about taking a Lease of the Burying place called the , potters Field, and making some Compensation for the Time he , has heretofore possess'd it, Whereupon the s^{d} Jacob Shoemaker , produced to us a paper signed by Thomas Griffits, as Mayor of , the City of Philadelphia, dated the 6th February 1729, giving the , s^{d} Jacob Shoemaker Authority to take Possession of the said , Burying place till the Mayor & Commonalty should determine , how it should be disposed of; And as no Terms were then made , about Rent, and he has been at considerable Expence in erecting , Fences and keeping them in Repair, he thinks Nothing ought to , be demanded of him for the Time past; but for the Future, the , said Jacob Shoemaker proposes, with the Leave of the Corpora- , tion, to take a Lease of the Ground for the Term of fifteen years, , at the annual Rent of Ten Pounds, and to oblige himself to keep , the Fences in good Repair, and to deliver it up in good Order, at

, the End of the Term, and bury the Bodies at least Four Feet and , an half deep in the Ground. As to the Title to the said Ground, , We do report, that the Corporation has a Patent from the Pro- , prietor for the whole Square, containing Five Hundred Feet in , Front and Five Hundred Feet in Depth.

The Board, upon considering that so large a piece of Ground within the City (being about 5¾ Acres) a great part of which is not used for a Burying Ground, might probably yield a higher Rent than the s[d] Jacob Shoemaker had offer'd, did Order that an Advertisement be published in the next Gazette, requesting that those who inclined to take the said Field and burying place at an yearly Rent, would send in their Proposals to the Mayor within fourteen Days from the Date hereof.

Several Persons having sent in Proposals for taking the publick Wharffs, pursuant to an Advertisement published by Order of the Board, about the beginning of December last, and those of Joseph Allen, who offer'd to take them at £90 p. annum, appearing to be most advantageous to the publick, it was the Opinion of the Board that his Offer should be accepted, provided he will give such Security for the Payment of the Rent as the Mayor shall approve of.

The Petition of Margaret Coeburn, praying that a Fine of Five pounds, imposed on her at the last Court of Record, held for this City, for keeping a publick House without Licence, might be remitted, was rejected by the Board.

Alderman Coxe, Samuel Rhoads & Henry Harrison were appointed a Committee to confer with Thomas Bourne, concerning the Bargain made with him some Years since for the publick Wharffs, the Lease intended at that Time not having been executed. The said Committee are also desired to view the said Wharffs, and report what Condition they are in, and whether in their Opinion, any repairs ought to be made by the said Bourne in Consequence of his said Agreement.

Joseph Allen attending at the Door and requesting to be heard, was called in; Whereupon he represented to the Board that he had been deceived in respect to the Income of the publick Wharffs, which occasioned his offering so large a Rent as £90, and therefore craved the Board would be pleased to make him some Abatement. The Board, upon hearing the Reasons offer'd by the said

Joseph Allen, and reconsidering the Matter, did agree that he should have the said Wharffs for one Year, commencing from the 17th Instant at the Rate of £68, He to deliver them up at the End of the Term, in as good Order as he receives them, to which he consented. He was therefore directed to get a Lease drawn accordingly, and is to give such Security for the payment of the Rent as the Mayor shall approve of.

It being represented that of the Regulators of the Streets heretofore appointed, no more remained than Samuel Rhoads, Joseph Fox and Nicholas Scull, which not being thought a sufficient Number, the Board agreed to add Philip Syng, Hugh Roberts, Jacob Lewis and John Palmer; Any three of whom, together with the Mayor and Recorder, or either of them, and three of the Aldermen for the Time being, to make a Quorum, for regulating the Streets and Water Courses of this City.

The Proposals delivered to the Mayor, relating to the Potters Field being taken into Consideration, It was put to the Vote, Whether this Board will grant a Lease for the said Field to Jacob Shoemaker for the Term of seven Years, commencing from the 28th Day of November last, at the Rate of Ten Pounds p annum? Which was carried in the Affirmative. The said Jacob Shoemaker having also engaged to pay the Sum of Ten Pounds as Some Compensation for the Time he has heretofore possessed the said Field; It is order'd that he pay the same upon executing the sd Lease.

Alderman Samuel Mifflin, Henry Harrison and Samuel Rhoads are appointed a Committee to inspect the Lease, view the Premisses, and report to the Board what Condition the Boats, &c., are in, and whether any Improvements have been made by the said Evan Evans for which the Board ought to make Allowance in the Settlement of his Account.

Alderman Coxe, Samuel Rhoads and Henry Harrison being appointed a Committee at the last Common Council to view the publick Wharffs, and see what Repairs were necessary; And also to confer with Thomas Bourne, concerning the Bargain made with him sometime ago relating thereto, now Report, That they view'd the said Wharffs, and find that the Wharffs at Sassafrax Street, Chesnut Street and Spruce Street, want two Loggs each, and that all the Docks want cleaning out; And that the said Bourne in Excuse for himself, inform'd them, He understood his keeping the Wharffs in Repair was mentioned only in Terrorem, and not intended to compel him to more than seeing the said Wharffs were not abused.

Order'd, That the same Committee be continued, and that they cause the said Wharffs to be repair'd and put in good order, the Wharff at Chesnut Street to be carried out as much further than it now is, as they shall judge necessary. They are also desired to take Care that a Lease be drawn and executed to Joseph Allen, the present Tenant, pursuant to the Terms of his Agreement with this Board.

of them, had treated the said Alderman with great Insolence, alleged that he had the Mayors Permission for what he did, and declared he would not regard what was said to him by s^{d} Alderman Shoemaker, relating to his Conduct therein. This Matter having been considered by the Board, who from time to time have received Complaints against the said Mackey, and admonished him frequently without Effect, They do recommend it to the Mayor to remove the said James Mackey from his Office, and appoint another in his Room.

The Recorder informed the Board, That Mr. John Relfe and Lieutenant Clark were some years ago indicted in the Mayors Court, and convicted of having given and accepted a Challenge, For which Offence they were fined the Sum of Twenty Pounds each; That John Relfe having paid his Fine had complained That no steps had been yet taken to compell Lieut. Clark to do the like. Wherefore the Recorder recommended it to the Board to consider Whether the said Clark's Fine should be exacted, or Both the Fines remitted. The Board directs the Clerk to inspect the Records of the Mayors Court, and inform them at their next Meeting who is the Security for the Payment of said Clark's Fine.

Henry Harrison having delivered in an Acco^{t} for Materials found and Labour done in cleaning and repairing Arch Street and Chesnut Street Wharffs, amounting to Forty-one pounds three Shillings & Six pence, The same is allowed by the Board.

The Committee formerly appointed to view and value the work done at the Middle Ferry, by Evan Evans, Report, That in their Opinion the same must have cost Ninety Pounds, Whereupon the Board agree to allow the Widow Evans Thirty pounds over and above the Sixty Pounds formerly allowed for the same.

The Committee appointed to Settle with Widow Clark concerning the Rent Due from her late Husband, Will^{m} Clark, for the Dock and blue Anchor Landings, Do report That they have examined the Acco^{ts} of the said William Clark, And find that all the Profits made by the said Clark during the time he held the said Landings, amounted to no more than £69 8 4, which is but £3 3 4 more than the Rent agreed to be paid, Which being a very small Sum for his Years Labour, The Committee are of Opinion it would be proper to make the widow of said Clark some Abatement in the Rent.

The Board, taking the same into Consideration, agree to abate so much of the Rent now arising from the said Landings. So that the said Clarks Acco^{t} stands thus,

The Mayor informing the Board That the Collector of the Provincial Tax had demanded of him the Tax laid on the Estate of this Corporation, rated at £476 — Which appearing to be a Sum higher than the Income of this Board, The Mayor and Alderman Shoemaker, the Treasurer, are desired to attend the Commissioners & Assessors, & lay an Account of such Income before them, and endeavour to procure an Abatement: And Whatever sum shall be fixt as the Tax to be paid by this Board, The Mayor is desired to draw an Order on the Treasurer for the same.

The Board, understanding that the Wardens of the City were attending to make some Proposal to them, It is ordered that they be desired to walk in: And they now attending, Do propose That as this Board are erecting new Stalls to the Westward of the Court House, and a place is much wanted for storing Oyl for the Use of the City Lamps, It would be very convenient for them, if the Board

It is surmised that the carry-"ing out Wharffs there, as well as other things, which may be done "by the Lessee, may be injurious to the Navigation of the River, "especially if the Island continues to grow as it has done of late. "to the Navigation of the River or to the Port. I am Sir, Your
"most obedient humble Servant, Richard Peters.
"To John Stamper, Esq^r, Mayor of the

The Mayor laid before the Board the Proposals of Several Persons who incline to take a Lease of the Public Wharff and Ground near the Drawbridge; And the Majority of the Board thinking Thomas Overend to be the properest person, It is agreed that he shall have a Lease of the said Ground and Wharff at the rate of Sixty pounds p annum, He taking a Qualification to conform to such Regulations as shall be made from time to time by this Board, and giving Security for the Payment of the Rent and performance of the Covenants. On the Petition of Samuel Austin, setting forth That he had erected a commodious Building near Arch Street Wharff for the Reception and Entertainment of Market People, & others coming from the Jersey Shore to this City, and was about making a Slip for the more Convenient Landing of passengers & their Horses, And praying this Board to grant him the Licence to keep a public Ferry at the place afs[d], for the transporting passengers from this City to New Jersey, under such terms & Yearly Rent as should seem reasonable to this Board; It is considered by the Board That the Number of people crossing Delaware River, to and from this City, having of late much encreased, the erecting another Ferry may tend to the Ease and Convenience of such People. They do therefore grant the Prayer of the Petitioner, He paying a Yearly Rent of Thirty Pounds to this Corporation, and performing such covenants as shall be thought reasonable and proper, to be inserted in his Lease; And Henry Harrison, Daniel Benezet and Alexander Houston, are appointed a Committee to see that such a Lease be drawn and executed to the Petitioner for the term of three years.

The Recorder informed the Board that the Occasion of calling them together was, among other Things, to consider the present State of the public Streets of this City, which were represented to be in great want of Repairs; That the Surplus Money arising from the Rent of the public Wharffs had been for many Years past applied to that Purpose, but that the Magistrates had no power, without the Consent of this Board, to agree with the Assessors in any such Application; which frequently prevented the Magistrates & Assessors from agreeing upon making Repairs that were necessary, till y[e] Consent of this Board was obtained: He therefore proposed it for the Consideration of the Board, That hereafter the Magistrates should have a power of disposing of that Surplus, in conjunction with the Assessors, without the trouble of calling a Meeting of this Board from time to time for that purpose. The Board having taken this Proposal into Consideration and deliberated

thereon, did agree & resolve That the Mayor, Recorder, and any three Aldermen shall hereafter, in Conjunction with the Assessors of the City, have Power to dispose of the Surplus of the said Wharfage Money, after defraying the Expence of repairing & improving the public Wharffs; rendering, from time to time, an Account to this Board of every such Disposition.

It being considered by the Board That the Salary heretofore allowed to the Recorder of the City was too small, and by no means adequate to the Services or Dignity of that Station; It was therefore unanimously resolved, That the Recorder's Salary should be raised from £25 to Seventy five pounds per annum, to commence from the last Payment.

It being represented to the Board, that as the Market Street, to the Eastward of the Court House, was now regulating and paving, and the Stalls in the Jersey Market were in a ruinous Condition, some Repairs in the same became immediately necessary; It was therefore proposed that the Present wooden Stalls be pulled down and more durable ones erected, and that at the East End thereof, near front Street, there should be a Market for Greens and Roots, erected in such a Manner as to answer the Purposes both of a Market and an Exchange. The Consideration of this Proposal was deferred to the next Meeting, and in the mean time, the Mayor, Alderman Mifflin and Willing, & Alexander Houston & John Lawrence, are appointed to prepare a Plan, & estimate the Expence of such an Improvement.

The Board having resumed the Consideration of the Proposals concerning the Jersey Market, and the Committee presenting a Plan agreeable to the Directions of the Board at the last Meeting; A Question was put, Whether Stalls with brick Pillars should be erected to the Eastward of the Court House, to begin about forty feet from the Line of Second Street, with a covering over the whole; and at the End thereof, on front Street, a Building to serve the Purposes of a Green Market and an Exchange, agreeable, or nearly so, to the Plan exhibited by the Committee. Carried in the affirmative.

It being then moved, That part of the Expence of the said Building should be defrayed out of the Stock in the Hands of this Corporation for building an Exchange; It was, on Debate, resolved That the Sum of Five hundred Pounds should be applyed out of the s^{d} Exchange Stock for that purpose.

The Mayor, Alderman Mifflin, Alderman Willing, Alex^{r} Houston & John Lawrence, are appointed a Committee to employ Workmen, & to get the Stalls & Building compleated as soon as possible; and are impowered to draw Orders from time to time, to defray the Expence thereof, on the Treasurer of this Board, who is hereby required to pay the same.

"May it please your Honour,

"The Mayor & Commonalty of the City of Philadelphia, beg "leave to congratulate your Honour on your Appointment to the "Government of this Province, and safe Arrival in it.

"When we reflect on the many Virtues of your worthy Ancestor, "our first Proprietor and Governor, under whose forming Hand "this City and Province were settled, and to whose Wisdom their "Growth and present flourishing State are in a great measure "owing, we are impressed with the highest Veneration for his "Memory. Permit us, Sir, to assure you, that we with pleasure "behold the Administration of this Government committed to a "Gentleman descended from one so dear to us, and we doubt not "but you will imitate his great Example, by considering your own "Interest and Happiness as inseparably connected with the People "over whom you preside.

"Warmed with the pleasing Review of Virtues so amiable and "beneficial to this Colony, we cannot (consistent with a due Regard "to Merit) forbear expressing the highest Esteem and Affection for "our late worthy Governor, Mr. Hamilton. The Managers chosen under the late Act of Assembly, for building a House of Employment in this City, applying to have the Alms House Lot Mortgaged for the raising Two thousand pounds agreeable to the said Act; and having satisfied this Board that the Sum of Fifteen hundred pounds is raised by Contribution, as required by the Law; It is agreed that the said Lot be accordingly mortgaged for the purpose aforesaid.

The Street Commissioners apply'd to be paid out of the Surplus of the Warfage Money, the Sum of £140, which they alledge to be due from the City, for building the Stone Wall at the Dock; But

it appearing by the Treasurer's Acco^{t}, that there remains in his hands only the Sum of £121 14 8 on the Wharfage Acco^{t}, And the Board considering that there are some old Debts due from the City, which ought first to be paid, and that by the report of the Committee appointed to inspect the Condition of the public Wharffs, it appears that several hundred Pounds will be required to put them into good repair, and that some of them must be repaired immediately to prevent their intire Ruin; It is agreed that the Street Commissioners cannot be now paid their demand, but that the said £121 14 8 be applied to the repair of the public Wharffs, as far as it will go: And Samuel Rhoads, Samuel Shoemaker, Joseph Sims, John Gibson, Joseph Morris and William Rush are appointed a Committee to make such Repairs as they shall judge to be most immediately necessary; and are impowered to draw Orders on the Treasurer to defray the Expence.

Captain John M^{c}Pherson having made a Complaint to this Board, against Samuel Garrigues for some Misdemeanors in his Office, as Clerk of the Markett: It is agreed that the Board will hear any evidence that can be given in Support of the said Complaint, and likewise the said Sam^{l} Garrigues in his Defence; Captain M^{c}Pherson first leaving a particular Charge, in Writing, with the Mayor; and when the said Garrigues is furnished with a Copy of the Charge and has had a reasonable time to prepare for his Defence, the Mayor is desired to call a Board to determine thereupon.

" Philadelphia, December the 22d 1767.

" Gentlemen,

" We were favoured with your Letter of the „ Ninth of November last, and thankfully acknowledge your kind „ Intentions of communicating to us the Votes of your Town Meet- „ ing of the 28th of October, which, however, you omitted to en- „ close, but we take for granted are the same as inserted in your „ public papers.

" We desire that you will be assured of our having a due Re- „ gard to the general Interest of the Colonies, which we conceive „ cannot be more effectually served than by diffusing a Spirit of In-

„ dustry and Frugality : But, however the particular Circumstances „ of your Place may require any *public* Measures to be taken for „ that purpose, we do not see the Expediency of adopting them here, „ more especially in the present critical Situation of American Af- „ fairs. Yet, altho we cannot on this Occasion think the Steps you „ have taken altogether suitable to our Circumstances, we shall „ always wish to see, and endeavour by every Expedient to promote „ the general Union of the Colonies, so essential to the Preservation „ of their Liberties.

The Recorder reported to the Board, that agreeable to their order at the last Meeting, The Magistrates had had a Conference with the City Assessors, relating to the proposal for erecting a Bridge across the dock in Water Street, & That the said Assessors had refused to concur with them in laying a tax for that purpose, unless from an Inspection into the State of the Funds of this Corporation, it should appear there was not a sufficient Sum in their hands to defray the Expence thereof: The Board taking this Report into their Consideration, were clearly of Opinion That they were under no Obligation to apply the funds of this Corporation to the erecting the said Bridge, the Act of Assembly expressly directing that the Magistrates of the City, in Conjunction with the Assessors should, from time to time, lay a tax on the Inhabitants of the City for such like public purposes; That, therefore, the Claim of the said Assessors to inspect the State of our funds, was new and without any

foundation in right. However, the Board agreed that they would some time hence resume the Consideration of the petition mentioned in the Minutes of the last Meeting; And in the mean time, desired Mr. Rhoads & Mr. Sims to agree with some person to put up a fence sufficient to prevent any personal danger to people passing that way.

Robert Lumsden petitioning the Board for a Continuance of his Lease of the public Landing at the Drawbridge, It is agreed that he shall have a Lease on the same terms, & for the same term as he last had it, but to have no Liberty to assign his Lease without the Consent of this board.

The Recorder, Mr Edward Shippen, junior, & Mr Tilghman, who were appointed to draw up an Address to his Honor, the Governor, on his Intention of leaving the Province, produced a Draft of the said Address, and laid the same before the Board for their Consideration. The Address being read, Considered and amended, was ordered to be engrossed, and is as follows:

"To the honourable John Penn, Esquire, Lieutenant Gover-
"nor and Commander in Chief of the Province of Penn-
"sylvania and Counties of New Castle, Kent and Sussex,
"on Delaware.

"The humble Address of the Mayor and Com-
"monalty of the City of Philadelphia.

"May it please your Honor,

"We, the Mayor and Commonalty of "the City of Philadelphia, with real concern, have heard of your

"Intention to leave the Province, and sincerely condole with you on "the melancholy Occasion which has made your Departure neces- "sary. We beg Leave to assure your Honor, that we consider it "not the least unfortunate Circumstance attending that Event, that "it will deprive us of a Governor, whose strict Probity, mild Ad- "ministration and Love of Justice have gained him the universal "Esteem of the People over whom he has presided, and healed "those unhappy Divisions which have too often disturbed our pub- "lick Councils.

"These Considerations cannot but induce us to wish it had "been convenient to you to remain longer among us. It is, how- "ever, no small Consolation, that by succeeding your late worthy "Father, as one of our Proprietors, you are still in a Situation "which will enable you to extend that Regard you have always "shown, for the Prosperity and Happiness of the Province.

"While we participate in the general concern for your De- "parture, we hold ourselves bound in a particular manner to ex- "press our Gratitude and warmest Acknowledgments for your kind "protection of the Corporation of this City, and your steady atten- "tion on all occasions to preserve to them those Rights and Privi- "ledges you found them possessed of under the Charter and Laws "of this Province.

"And, now, permit us, Sir, with the greatest Respect to "take Leave of you; and accept our most ardent Wishes for your "safe Arrival in your native Country, with the Continuance of your "Health and Enjoyment of every other Blessing."

"By order of the Board,

"Samuel Shoemaker, Mayor.

Jacob Weiss having exhibited an Appeal to this Board from a Regulation lately made by the Regulators of the City of a party Wall now about to be erected by Philip Heil, on the dividing Line of his Lot of Ground (lying on the west side of Second Street, near Race Street,) and the Lot of the said Jacob Weiss; The Board proceeded to hear the Allegations of the parties, and having inspected their Deeds, and examined the Regulators, and fully considered the whole Matter in debate, they were of Opinion that the Regulation, as made by the said Regulators, was very just and equitable, and accordingly confirmed the same.

Many of the public Wharffs of the City being represented to be out of Repair, The Board appointed two Committees to employ Workmen to put them into good order, viz[t]: Alderman Mifflin, Joshua Howell & William Rush for the Wharffs in the upper part of the town, and Aldermen Rhoads, William Logan & John Wil-

cocks for the Wharfs down town; who are impowered to draw Orders on the Treasurer to defray the Expence.

The Board proceeded to consider the Appeal entered in August last by Samuel Rhoads and Joseph Russel from the proceedings of the City Regulators respecting the Ground on the South side of Pine Street, between Front Street and the River Delaware: But after

some time spent therein, observing that the Appeal was not made from the Regulation of *any particular* party Wall, according to the directions of the Act of Assembly, the Board declined coming to any Resolution on the Subject, but directed that a new Regulation should be made by the City Regulators of a party Wall, now about to be erected by Frazier (one of the persons soliciting a determination of this matter) being of Opinion, that in case such new Regulation should not be satisfactory to all parties concerned, an appeal therefrom would come with more propriety before the board for a Decision.

A Committee was appointed to wait on the Governor, to acquaint him that this Corporation had prepared an Address to him and to ask his Honour when it would be agreeable to him that they should attend him in order to present the same.

The Committee returned, and reported that they had waited on the Governor, who was pleased to say he would be ready to receive the Address to-morrow at one o'Clock.

It was then agreed that an Entertainment should be prepared for his Honour, the Governor, at the State house on thursday next, at the Expence of this Board; And a Committee was appointed for that purpose.

"To the Honourable Richard Penn, Esquire, Lieutenant "Governor, and Commander in chief of the province of Pennsylva- "nia and Counties of New Castle, Kent and Sussex, on Delaware.

"The Address of the Mayor and Commonalty of the City "of Philadelphia.

"May it please Your Honour:

"We, The Mayor and Commonalty of the City of Phila- "delphia, beg leave to congratulate your Honour on your safe "Arrival, and Accession to the Government of this province.

"We assure you, Sir, that it is with sigular pleasure we "behold that great trust again committed to a Descendant of our "first worthy Proprietor and Governor.

"From your Honour's well known Character, and your "Knowledge of the Laws and Constitution, we have the fullest As- "surance that you will consider the true Interest of the Proprietary "family and the people over whom you preside as inseperable, and "that you will distinguish yourself for that Love of Justice, Free- "dom and Humanity, which so strongly marked the Character of "our late worthy Governor.

"Pleased, Sir, with the prospect of that Happiness, which "we sincerely wish may result from your Administration to the "public in general, we cannot doubt, that the Corporation of this

" City will be secure in the Enjoyment of the particular Rights and " Privileges granted them by Charter."

John Gibson, Mayor."

To which his Honour was pleased to make the following Answer :

The Mayor acquainted the Board that a Committee appointed by the House of Assembly to confer with this Board respecting the Necessity of erecting a New Market in this City, were waiting to lay before the Board such Matters and proposals as they had in charge from the house on that subject; a Message was immediately sent to the Gentlemen of the said Committee, to inform them that the Board was sitting, and ready to receive them.

Henry Pawling, W^m^ Rodman, John Brown, Thomas Mifflin, Jonathan Roberts and James Hockley, the Committee from the Assembly, attended the Board, and laid before them for their Consideration the Resolutions of the House of Assembly, respecting the Necessity of erecting an additional Market, which follows in these words, vizt:

„Resolved, That it is the Opinion of this House, That the want „of an additional Market House or Houses in the City of Phila- „delphia, for the Accomodation of the Inhabitants bringing their „produce to Market for the Supply of the said City, is a public „Grievance.—

„Ordered, That the Committee appointed to confer with the „Corporation of the said City, be instructed to represent to them the „said Grievance, and to confer with them on the best mode of re- „moving it in future, and to make report to this House."

The Board took into Consideration the necessity of an additional Market in the City, for the Benefit of the Inhabitants, both of the City and Country, and after some Debate thereon, The Question being put—Resolved, by a very great Majority, that an additional Market is necessary to be erected.— Resolved, nem. con. That another Market be built at the Expence of this Board.

The Board then took into Consideration the most proper place where such Market should be built; and after some debate thereon, it was agreed to refer the Decision of this point to the next meeting; And that the Board be summoned to meet again for that purpose on Friday next—And that Mr Rhoads & Mr Shoemaker inform the Committee of Assembly with the above Resolutions of the Board.

The Board resumed the Consideration of the most convenient situation for the new Market agreed to be built; and the following Question being put, vizt,

Whether the Market shall be erected in Market Street, between third and fourth Streets?

Resolved in the affirmative by a great Majority. Whereupon Joseph Wood, Joseph Shippen, Jr and Stephen Carmick, are appointed a Committee to prepare a plan of a Market, to be laid before this Board; and also to agree with Workmen, and Superintend the Building of the Market, with power to draw Orders on the Treasurer to defray the Expence.

The Board also agreed That a number of Stalls were necessary to be added to those already built in Second Street, near the South End of the City, as well as some repairs necessary to be made to the old ones, for the better Accommodation of the Inhabitants residing in that part of the City; and finding, after taking a View of the State of their Funds, that they were not sufficient to defray the Expence of building both Markets without calling in the Sum of Seven hundred and fifty pounds, formerly lent on Bond to Joseph Fox and others, the Managers of the House of Employment; Ordered, That the Treasurer do again call on the Obligors for the Money, and insist on the payment thereof within the term of three months next ensuing, and report their answer at the next meeting of the Board.

The fines of Nathaniel Hargrave, Richard McCowen, Thos Moffat, Sarah Oneil, William Jackson, James Belford, Robert Jones, Jane Black, Elizabeth Cahill & Dorothy Peters, imposed in the Mayors Court for divers offences, of which they were convicted, were remitted.

The Committee appointed to prepare a plan of the addition to the Market agreed to be built in Market street, between third and fourth streets, laid the same before the Board for their Consideration.

At the same time a Remonstrance from some of the Inhabitants in the Neighbourhood was presented to the board, Complaining that a Market in that place would be an additional Incumberance to the Street and would greatly incommode them, and intimating a Request that the Board would appoint some other place more suitable for that purpose. A counter-memorial was likewise presented to the Board from a Number of the Inhabitants of the City, chiefly residing in the Upper End of Market Street, praying that the Board would pursue their Intentions in erecting the Market in the place

resolved upon at the last meeting of the Board. The whole matter being taken into serious Consideration, & The Board, altho' very averse to do any Act which may incommode any number of the respectable Inhabitants of the City, yet having pledged their Faith to the Assembly of the Province, that the Market should be built, and being themselves convinced of the necessity thereof, for the Accommodation of the Inhabitants, both of the Country and City, and not being able to discover any other place so convenient for this purpose, came to the following Resolutions:

On the first Question, Whether this Board is Satisfied of their right to build the Said Market in the Middle of the Street called High Street, leaving a proper space on each Side for the passage of Carriages?

Carried in the affirmative.

On the Second Question, Whether the building the additional Market resolved on at the last Meeting, be immediately carried into Execution?

Carried likewise in the affirmative.

A Representation from the Managers of the House of Employment was read, requesting that the Board would forbear to call upon them for the payment of the Sum of Seven hundred and fifty pounds, formerly lent them by this Board, and intimating an Expectation that the Board would never demand the Money. On the Question being put, Whether this Board will present that Money to the Said Managers for the Use of the House of Employment,

Carried in the Negative.

The Board, nevertheless, considering that it might be inconvenient to the said Managers to pay the Said Money immediately, Agreed That it shall lye in their hands for the Space of one year longer.

The Mayor laid before the Board an Application in writing from some of the Inhabitants of the City, residing or owning Houses in Market Street, requesting the Board would decline the immediate carrying into Execution their Resolution to erect Market Stalls in said Street, between third and fourth Streets, and that they would consent to the entering an amicable Suit at Law to try the right of this Corporation to erect those Stalls. The Board taking the same into Consideration, And the Question being put, Whether the said Request should be complied with, Carried in the Negative.

It being represented That the Stones and Lime prepared for building the Addition to the Market in High Street, have been violently taken and carried away from the Ground where they were deposited, and the Lime-House pulled down and destroyed—The Board taking the same into Consideration; And the Question being put, whether this Board shall proceed to bring such Actions to recover Damages for the Injury they have sustained, as the Law Members of this Board shall think necessary and proper,

Carried unanimously in the Affirmative.

And the Law-Members to be a Committee to draw Orders on the Treasurer to defray the Expences of carrying on the suits.

The Board then took into Consideration the propriety of proceeding in the work after the Suits shall be brought; And the Question being put, Whether the Committee be directed to desist for the present from prosecuting the work until this Board shall give further directions therein,

The Board having at their last Meeting directed the Committee for erecting the Market, to desist from prosecuting the work till

they should receive the further directions of the Board; But many of the Members having at that time expressed their desire that a Meeting of the Corporation might soon be called to determine finally concerning that measure — It was therefore now proposed that as the last resolution was only temporary, and the workmen were not ordered to be discharged, the Board should now give their final Directions thereupon — On resuming the Consideration of that Matter, And the question being put, Whether the Committee shall be directed to proceed to their work,

Carried by a great Majority in the Affirmative.

It being represented that the Meal Market is become an offensive place, and that it is chiefly made use of by the Hucksters of Meal, and not by the Country people, for whose use it was originally intended, It was proposed that some alterations should be made in the form of that Market, so as to render it less liable to those Objections; The Board thereupon appointed a Committee to view the said Meal Market, and to lay before the Board some plan of a proper alteration therein. And the Committee having withdrawn for that purpose, returned during the sitting of the board and reported That, in their opinion, it would be proper to carry up the piers in a line with the other piers of the Market, to support the Roof, and to take down the Standing Walls, so as to contract the Market and to leave more space for the Passage of Carriages on the North, South and West, and that being so lessened, it might still be kept as a Meal Market for the use of the Country people. The Board approved of the proposed alterations, and the same Committee, to wit, Aldarmen Shoemaker & Rhoads & Mr. Wood & Mr. Carmick are desired to carry the same into Execution.

It was proposed that the public Scales for weighing of Hay, which this Board formerly resolved on, be now immediately pro-

vided, Whereupon the former Committee appointed for that purpose, together with Alderman Rhoads & Mr. Powell are impowered to determine upon the proper plan for such Scales, and to get one put up at the Slip on Vine Street, and another at the blue Anchor.

It being complained of as very inconvenient in the Market place, that Horses should be suffered to Stand in the Carts which bring provisions, during the time those provisions are selling; The Board request the Mayor to give the necessary directions to the Clerk of the Market to prevent the Continuance of that practice.

Agreeable to a former Resolution of the Board to erect additional Stalls at the New Market near the South Bounds of the City, It is now resolved that a number of such additional Stalls be built, so as to fill up the Vacancy between those already built, leaving out Lombard Street, together with such a proper space of Ground on each side that Street, as the Committee shall think convenient, and also so many single Stalls to the Southward or Northward of those now standing, as shall make on the whole, a Number of Stalls not exceeding twenty. And Aldermen Rhoads, Mr. Powell & Mr. John Wilcocks are appointed the Committee to get the Stalls built and the old ones repaired, with power to draw Orders on the Treasurer to defray the Expence.

The Board being met agreeable to the request of a Number of the Inhabitants of this City, of the Society of the people called Quakers; An address was read and presented to the Board, earnestly requesting they would, for the present, suspend the carrying into Execution their Resolution of building an additional Number of Stalls to the Market in High Street, representing that the minds of the people were much agitated, and that such a suspension would be the means of restoring peace to the City.

After many Debates and a full Discussion of the Subject, The Question was put, Whether this Board will suspend the carrying on the said work; Carried by a Majority in the Affirmative; and

resolved to bring the proper Actions for the Trespasses already Committed.

Resolved also to desist for the present from building the additional Stalls at the new Market near the South End of the City, agreed on at the last meeting.

Resolved likewise that the Meal Market shall remain as it is at present, and that the work already done in High Street shall be secured, as well as the Materials, except such as are perishable, & those to be sold. The Rubbish in the Street to be removed, so as to make the Street on each side the piers passable.

Mr. George Clymer, Mr. Chevalier & Mr. John Wilcocks are appointed a Committee to settle the Treasurers Acco^{t} now delivered in, as well as that delivered last year.

The Recorder moved that proper Counsel (besides the Gentlemen of the Law who are Members of the Board) be retained to support the Actions brought by this Corporation against the Trespassers in carrying away the Materials provided for erecting the Addition to the Market in High Street: It was accordingly agreed that one or two Counsel, such as the Law Members of the Board shall think proper, be employed on this Occasion; And that the said Law Members be empowered to draw Orders on the Treasurer for such Fees as they shall think necessary to be given.

The Board then proceeded to the choice of a Mayor for the ensuing Year, And William Fisher, Esquire, was elected to that Office by a Majority of Votes.

The Mayor elect having signified his Inclination to take the Recommendation of this Board, as to the proper person to be appointed by him as Clerk of the Market of this City; The Sense of the Board was, thereupon, taken by Ballot, and it was carried by a great Majority, that Judah Foulke be recommended to the Mayor for that Office. The Board likewise appointed the said Judah Foulke to be Collector of the Rents of the Stalls, for which he is to be allowed the usual Commissions, and to have the benefit of letting the said Stalls at Fair times — But it is ordered by the Board that

the Country people bringing provisions to Market, shall not be removed from their Stalls on the Market day of each Fair, in order to make room for the Vendors of Goods at the Fair, until nine of the Clock in the Morning.

The Board then attended the Mayor elect to the House of his Honour the Governor, before whom he took and subscribed the Affirmation and Declaration necessary to enable him to enter upon the Discharge of his said Office.

The Recorder informed the Board that some Complaints had lately been made in the province of Maryland, that the sealed half Bushels made in this City, by which great Quantities of Wheat had been bought and sold there, contained considerably more than the legal measure; and that unless some Examination was speedily made into this matter, it might be attended with Consequences greatly detrimental to the trade of this City — The Board accordingly took it into Consideration, and having sent for Nathaniel Allen, the Officer appointed to size & seal the Measures, and having before them the Copper half Bushel, which has been long used as the Standard in this province, came to the following Resolution; That a Committee be appointed to examine with great Accuracy, whether the said Standard Copper half Bushel be a just and legal measure or not, taking Mr. Rittenhouse & any other persons they may think proper, to their Assistance. — And as the half Bushell appears to have received some Injury, not being now circular, and

bulging out at the Bottom, The Board requested that the Committee would procure a new one to be made of cast Brass, to contain the exact and legal Measure according to Act of Parliament — And Mr. Alderman Rhoads, Mr. Clymer, Mr. Joseph Shippen and Mr. Powell were appointed the Committee for the purposes aforesaid.

It being proposed that, as the Fairs held in this City under the Charter to this Corporation were now become not only useless, but very inconvenient to the Inhabitants of the said City, there should be an Application from this Board to the Assembly, or other proper step taken to abolish the said Fairs; The Board took the same into Consideration, and after some debate thereon, agreed to appoint a Committee to consider the propriety and Expediency of putting down the Fairs, and to report their Sentiments as to the proper mode of proceeding for that purpose, consistent with the Rights of the Corporation. The Mayor, Recorder, Aldermen Shoemaker, Gibson, Allen, Strettle & Powell, and Mr E. Shippen, Mr Wilcocks, Mr Potts & Mr Chevalier, were appointed the Committee, to report to this Board at a Meeting to be had for that purpose, this day week.

The Committee appointed to consider the Propriety and Expediency of an Application to the Assembly for Power to suspend the holding of Fairs in this City, reported their Opinion in favour of such an Application, and brought in a Draft of a Petition for that purpose, which being read and Considered, after some Amendments, was agreed to, and is as follows — viz^{t}:

"To The Honourable the Representatives of the Freemen of the "Province of Pennsylvania, in general Assembly met,

"The Petition of the Mayor & Commonalty of the City of Phila- "delphia Humbly Showeth — That frequent Complaints have been "made by many of the respectable Inhabitants of the said City, "The Fairs held therein under the Proprietary Charter, twice in "every year, have since the great Increase of Stores and Shops for "the Sale of every species of Merchandize, been found not only "useless, but to have become real Nusances, as they tend to "debauch the Morals of the people, and to facilitate the Commission "of Thefts and other Offences within the said City. This Board be- "ing ever desirous, so far as in them lies, to reform all such Evils "as may, from time to time, be discovered to arise, destructive of "the peace and good Order of the City, would have proceeded to "make such Resolutions respecting the said Fairs as would have "removed all Cause of Complaint for the future; But, on inspect- "ing their Charter, they do not find themselves impowered either "to discontinue the said Fairs, or to make any such Regulations "therein, as to the frequency or duration of holding the same, as "can tend to remedy the Mischiefs complained of: They Therefore "beg leave to lay the Matter before this Honourable House, and to "pray that they may have Liberty to bring in a Bill to enable this "Corporation to afford the Inhabitants of the said City such Redress "in the premisses as shall be thought reasonable and proper. And "your Petitioners shall pray, &c."

Which Petition the Mayor is desired to Sign, and present to the House of Assembly, in behalf of this Corporation.

The Committee having likewise prepared a draft of a Bill for the said purpose, the same was approved of.

It was proposed that this Board take into Consideration the great Necessity there is of erecting a City Hall and Court House for the use of this Corporation and the Mayors Court, a Lot of Ground having been long since appropriated for that purpose, in the State House Square. The sense of the Board appeared generally in favour of the Proposal; and a Committee was agreed to be appointed to draw a Plan and make an Estimate of the Cost of a proper Building for that purpose; likewise to inspect the State of the Funds of this Corporation, and to consider whether this Board can apply the Moneys formerly given by several of the Mayors of this City in lieu of the accustomed Entertainments on going out of their Offices, to the Purpose of a City Hall and Court House, or whether they are restricted by the terms of those Donations to apply that Money, with the accumulated Interest thereon, solely to the purpose of building an Exchange. The Mayor, Recorder, Mr. James Allen, Mr. E. Shippen, Mr. Biddle, Mr. Powel & Mr. Clymer were appointed the Committee.

The Assembly having presented to the Governor a Bill for suppressing the Fairs in this City, materially different from the Bill carried into the House by this Corporation, and depriving this Board of the power of reviving the said Fairs hereafter, in case the Circumstances of the City and Province should appear to require the same; It was proposed that the Board Consider the propriety of an Application to his Honor, the Governor, to request him either to reject the said Bill, or to make such Amendments thereto as should reserve to this Corporation the future right of judging of the Expediency of holding the said fairs agreeable to their Charter. The Matter being fully debated, the Board at length

came to the Resolution of requesting his Hon^{r}, the Governor, that he would be pleased not to pass the said Bill into a Law, in its present form, but to make such Amendments thereto as should save the said Right to this Corporation, And the Recorder and Mr. E. Shippen are appointed a Committee to make a draft of such Amendments, to be laid before the Board at their next meeting.

The Committee appointed at the last meeting to consider of a proper plan of a City Hall, presented one to the Board, but without an Estimate of the Cost; At the same time they reported that it appears from the Minutes, that the Donations made to this Corporation by several of the former Mayors of this City were to be applied to the building an *Exchange*, or such other *public Edifice* in this City as the Mayor and Commonalty should see fit to order and direct; consequently that this Board had an undoubted Right to apply the same towards building a City Hall.

The Managers of the House of Employment offering to this Board some Ground Rents, as Payment for the Sum of Seven hundred and fifty pounds formerly lent them by this Board, It was resolved that as probably the Money would be soon wanted in order to build a City Hall, the Offer should not be accepted, but that the Bond be discharged within two months, otherwise that it be then peremptorily put in suit.

Robert Lumsden, the person employed by this Corporation to weigh the Hay brought to the public Scales at the Draw-bridge, exhibited his Accot of Hay weighed the last year, whereby it appears that the Sum of £171 8 0 arose for weighing 1,714 Loads of Hay, from the 29th of August, 1774, to the 29th of August, 1775, of which near £50 remains uncollected. On considering what allowance should be made to said Lumsden for his past and future Services, It is agreed that he be allowed one third of all the Money already collected, as well as one third of what remains due, when the same shall be collected. And for the future his Allowance is to be one third of the whole Produce of the said Scales, he collecting and being accountable for the whole. It appearing that

these Scales stand in need of some Alterations to make them more commodious, Mr Rhoads, Mr Gibson and Mr Meredith, are appointed a Committee to get the proper alterations made.

Mr Fisher, Mr Joshua Howell and Mr Rush, the Committee heretofore appointed to get the Docks cleaned out, are desired to inspect the Condition of the public Wharffs, and to put them into proper repair.

This being the day appointed by Charter for the Election of a Mayor for the ensuing Year, the Board proceeded to that Business, and elected Alderman Samuel Powell to that Office.

The Treasurer, Mr Shoemaker, exhibited his Acco^{t} with this Corporation for the last Year, which was referred to the Committee appointed to settle the former years Acco^{t}, who are requested to settle both Accounts, and to make their Report as soon as possible.

The Petition of Eleanor Clark, Anne Brown, Thomas Hogg, and John Dennis, for the Remission of certain Fines, imposed on them in the Mayor's Court, were considered and granted.

The Board then attended the Mayor elect to his Honor, the Governor's, where he took and subscribed the Oaths and Declaration proper to enable him to enter upon the Execution of his Office.

The Mayor informed the Board that the Office of Clerk of the Market having become vacant by the death of Judah Foulke, several persons had applied to him to be appointed to that Office, but that he had hitherto declined making any Appointment, and was now desirous to take the Recommendation of this Board. On a Ballot it was carried that Joseph Redman be recommended to the Mayor as Clerk of the Market, and also that he be appointed by this Board the Receiver of the Rents of the Stalls.

The Mayor, Alderman Shoemaker, Aldermen James Allen, and Mr Logan, are appointed a Committee to draw up a Sett of Rules and Orders to be observed by the Clerk of the Market, to be laid before this Board for their Consideration.

It being agreed that a small Shed be erected at the Middle Ferry on Schuylkil, for the Accommodation of people coming to Market, adjoining that already built; Alderman Rhoads, Alderman Shoemaker, & Will^{m} Rush, are appointed a Committee to get the same done.

To prevent delays in relieving Prisoners confined for their fines, it is agreed that the Mayor, calling two Aldermen to his Assistance, may consider petitions from Prisoners to this Board for Remission of their fines; And they be authorized to grant or reject such as they in their Discretion shall think proper.
